There is not a department of production in which this very fine picture does not excel. Possibly the outstanding feature is the lovely personality and ! superb acting of the petite little French star, Annabella, who takes the leading role. Here is a real vision of delight from whom great things may be expected now that she has made her debut on the English-speaking screen.

Among the things which contribute to making "Wings of the Morning" such a charming picture include the splendid color photography throughout.
