Washington Considers Program Of Michigan Senator to Halt Present Recession

WASHINGTON, D. C., Nov. 25:—The Capitol is studying a ten-point program proposed by Senator Arthur H. Vandenberg, Republican, Michigan, to halt the present business recession in the United States.

Vandenberg differs with President Franklin D. Roosevelt's view that business recovery depends upon industrial and business policies rather than on government policies.

Only concerted action by the government can halt the recession declares Vandenberg.

NEWS OF THE MINES

Mining Activity in Omineca District Closing Down For Winter—Has Meant Great Deal to That Part of Country

Mining activities in the Omineca and Manson Creek areas are to a large extent closing down for the season and the men who have been working in that country are now coming out. More men have been employed in mining in the Omineca country this year than every before and there has been practically no unemployment in that part of the country this season. As a result of the mining activity in Omineca employment has been given to hundreds of people in Vanderhoof and northward.

During the past season the Venture Exploration Co. (East Africa) Limited, with headquarters at Fort St. James completed an extensive construction program. The company will be in normal operation next year and considerably fewer men will be required.

Mr. and Mrs. Henry Reevs have returned to their home just north of the Nechako River near Murray Creek. During the summer Mr. Reevs has been working in the mines of Germansen Creek.

William Palmer, arrived in port at 11:15 this morning from Vancouver and sailed at 12:15 noon for Skagway and other Alaska points whence she is scheduled to return here southbound next Monday afternoon. bound next Monday afternoon. HOSPITAL BENEFITS

No Less Than $115 Raised by Graham Island Farmers' Institute Party

The East Coast of Graham Island Farmers' Institute gave a very successful afternoon and evening entertainment at the Lawn Hill Hall, the proceeds of the entertainment amounting to $115 being donated to the Queen Charlotte General Hospital to assist in defraying the expense of the new electric lighting plant, putting the X-ray plant in condition and general new equipment required.

The program, under the able management of Mrs. S. deBucy, the secretary, assisted by the many ladies present, was enjoyed very much. There was progressive contract bridge from 2:30 until 5:30. Tea was served. Prize winners were Mrs. Turner, E. S. Richardson and Mrs (Dr.) McCall.

Chicken dinner was served from 6 until 7:30 after which a short address was given by the president of the Institute setting out the object of the entertainment and expressing the thanks of the Institute for the ready and valuable assistance the ladies of the whole district had given.

Dr. McCall, the resident physician at the hospital, assured the people present that he and the hospital staff would continue to the best of their ability to give the best service possible.

Rev. W. J. Selder, the secretary of the hospital, gave a short speech thanking the people on behalf of the Hospital Board for their splendid efforts to help the good work along.

Charles Valley spoke on behalf of the fishermen and expressed for them best wishes. He stated that the hospital was now a great benefit to the people in general.

Good music was provided by the local talent and the dance was enjoyed by young and old.

There were very few families in the whole district—Port Clements, Tlell, Lawn Hill, Miller Creek, Skidegate Mission, Skidegate and Queen Charlotte City—that were not represented.
