#### TRADING WITH RUSSIA

The time will probably come when Prince Rupert will FOOTBALL be one of the ports of Canada trading with Russia. We FOOTBALL do not have to agree with a country's method of government in order to do business with her.

Russia needs many manufactured goods, seeds and particularly seed wheat. She has a number of articles that Canada can use which are not produced in Canada. #### SEE CANADA FIRST

We are always glad to see our cousins from the United States in this country and we find their money just as good as our own. Our complaint is not that Americans come but that enough Canadians do not come. We are Strongly in favor of a movement to "See Canada First."

#### DANGERS FROM AUTO TRAFFIC

It was an interesting letter that was published on Saturday from Rev. Canon Rushbrook in regard to the street traffic situation and the care taken by taxi drivers. Children in Prince Rupert are very careless, especially when they are gathered in large numbers and try to outdo each other in daring. At such time the greatest care is needed. As mentioned in the letter there is in most cases no place for the children to play except on the streets and there are no sidewalks in the outside districts. On such streets drivers of cars have to be very careful of pedestrians and they usually are. Once now and then there are offenders who should be reported to the police.

Many pedestrians are much more careless than drivers of cars. They consider they have a perfect right to any part of any street at any time. They jay-walk at every corner and crossings mean nothing to them. They are a much greater danger even than children. Rules of the road are ignored every few minutes.

Prince Rupert has been free from serious accidents for some years and it is to be hoped that all will co-operate to make the streets safe for children, pedestrians and drivers of cars.
