IT'S A KISS AND THEN GOOD-BYE

Sigismund Levanevsky (back to camera) kissing G. Alkanic Soviet's ace flier, Sigismund Levanevsky, is pictured (back to camera) kissing a friend, G. Alkanic, goodbye at the airport near Moscow, as he departed with a crew of five for an attempted flight to San Francisco via the North Pole, not realizing it was goodbye, perhaps, for ever. Levanevsky and his companions still are missing.

Prove Happy Hunting Ground For Several Science Parties

CHURCHILL, Man., Sept. 10: (CP) -A robin that fishes is intriguing to scientists studying bird and insect life in this district. They claim it is the first time on record that a robin has been found muscling in too ethical.

Water drips from Churchill's reservoir, forming a pool which runs into a nearby creek. Small fish from hour at the edge of the water and from time to time grabs with its bill the minnows that venture too close to it.

Churchill has proven an interesting rendevous for scientists this quota. VANCOUVER, Sept. 10-The only summer. The most important party Natural History. Their study is being made in connection with a thyroid gland investigation. They have examined great numbers of fish and

## Effort Made To Secure Rotary Convention Here

A telegram is being sent by the Prince Rupert Rotary Club to the District Assembly asking that the next district meeting be held in the north, the cities designated being Juneau, Ketchikan and Prince Rupert, one day at each place. If the scheme goes through it is thought that ships will be chartered next summer to bring the visitors north, possibly a thousand or more people coming in three or four boats, stopping first at Prince Rupert, next at Ketchikan and making the final call at Juneau. In that self as the guests would travel at night from place to place. In line with the idea of receiving

visitors, there was a bouquet program, brief remarks being made by President W. R. McAfee, C. V. Evitt, Phil Linzey, Dr. L. W. Kergin, Lieut. Col. J. W. Nicolls, George Bryant, beautification was the chief topic and it was suggested by one of the speakers that beautification of the
