WAKE UP YOUR LIVER BILE-

And You'll Jump Out of Bed in the Morning Rarin' to go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sunk and the world looks punk.

A mere bowel movement doesn't always get at the cause. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you pounds of bile flowing freely and make you feel "up and up". Harmless and gentle, they make the bile flow freely. They do the work of calomel but have no calomel or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. 25c.

10:30 p.m. Uproarious Comedy Feature, Scientific Mystery Thriller and Capitolians

"My Man Godfrey," a gay, de-.. 10 a.m. bonair, modern comedy starring William Powell and Carole Lomp.m. bard; "The Invisible Ray," strange story of mystery and science with Boris Karloff and Bela 8 p.m. Lugosi in the leading roles, comprise a mid-week double bill picture program at the Capitol Thea-Tuesday—ss. Cardena 11:30 a.m. tre in addition to which the Capitolians, under direction of Dr. H. N. Brocklesby, will be presented on the stage with selections from George Gershwin's "Song of the Flame" as their feature number.

"My Man Godfrey" relates the adventures of William Powell portraying the part of a butler in a wealthy family. One of the daughters, Carole Lombard, falls in love with him and another sister tries to have him jailed. The mother likes him but has a parlor pet of her own. The fun gets fast and furious with laughs bursting like bombshells. Besides Powell and Miss Lombard, the cast includes such excellent players as Alice Brady, Gail Patrick, Eugene Pallette, Alan Mowbray and Mischa

The story of "The Invisible Ray" deals with the amazing scientific developments in connection with the discovery of an element which is a thousand times more powerful than radium.
