Whether you're a gymnast, or a tobacco blender, you must keep your balance, or else -!

The balanced blending of tobaccos gives that natural, straight tobacco aroma and taste so marked in Imperial Tobacco's brands of cigarettes. Their aroma appeals as soon as you open the package ... you just know they are naturally good! Then touch your tongue to the end of the cigarette before you light it, and draw slowly. Savour that delightful taste, born of fine tobaccos, and only fine tobaccos, skilfully blended and in balance.

We take from our cool, airy warehouses, mild tobaccos of different and contrasting types, aged and mellowed by time, and then match them, type against type - until they are exactly in balance - perfectly blended.

Balanced blending is a scientific method developed by this company through many years of experience. The blend of every Imperial brand of cigarettes is perfectly balanced before it is offered to the public and it is kept that way - always - so, in the cigarette of your choice you are assured of unvarying pleasure and unfailing satisfaction.
