VOL. II, NO. 277 PRINCE RUPERT, B.C., MONDAY, DECEMBER 4, 1911 PRICE FIVE CENTS

A NEW REBEL GOVERNMENT IS FORMED IN CHINA

SALE OF SECTION TWO PROPERTY BROUGHT CLOSE TO \$600,000

Property Averaged a Little Over \$1,000 a Lot---Proposal to Recognize the Services of the Auctioneer With a Present of Two Lots Proved Very Popular

The five hundred and eighty lots sold in section two by the G.T.P. fetched nearly \$600,000. Expectations of those who predicted that the lots would fetch half a million were bettered by \$73,335, the sum total of the prices bid being \$573,335.

The two best lots in the section lots 10, block 6 and 78, block 20, commanding the entrance to Second, Atlin and Moresby Avenues in section two went for \$5,200 and \$6,575, being bought by V. Casley of the Empress Hotel and Wilfrid Grattan of Vancouver.

At the end of the sale the last two lots offered, lots 101 and 102 block 20, were withdrawn, the idea being that the G.T.P. heads at Montreal be informed of the suggestion made by Ald. Clayton and heartily approved by the assemblage of buyers, that these two lots be either presented to Auctioneer Frank Ellis or sold to him at the upset price of \$700 in recognition of his undoubtedly excellent services at the sale. The lots constitute a double corner on Moresby Avenue and the Lane continuing Fourteenth street. The suggestion and appreciative

TRAPPED A MAGNIFICENT SILVER FOX, WORTH \$600

Joe Belway Made a Lucky Trap Near Mile 65 Last Week—Railway Seems to Attract Animals Instead of Scaring Them

With the pelt of a beautiful silver fox valued undressed at \$600, and probably double that made up, Joe Belway, a well-known old timer and Skeena river trapper came into his camp at Mile 65 last week. The fox

was caught not far from the railway. It is a curious fact so far from the Grand Trunk Co's works having had the effect of driving wild animals away from the line of steel, the creatures seem to be attracted nearer by the bustle of the works.

THE STEAMER TEES IS RESCUED

Was Located by the Tug William Jolliffe in Kyuquot Sound Late Saturday Afternoon---Crew and Passengers Are All Saved

LIFEBOAT WAS PICKED UP IN THE FOG

Crew Were Trying to Reach the Estevan Wireless Station, But Lost Their Way in the Fog—They Piloted the Jolliffe to the Stranded Ship—The Tees Had Stripped Her Propellor in Striking Rock—Passengers on Short Rations

(Special to The Daily News)
 Victoria, Dec. 4.—The steamer Tees is afloat and all on board are well. They are now on their way here on the tug William Jolliffe. Late on Saturday afternoon the William Jolliffe after gaining entrance to Kyuquot Sound, picked up the lifeboat and crew of the Tees who on Wednesday morning left their ship to get to Estevan wireless station. They had lost their way in the fog and been without food since and were all in bad shape. They piloted the Jolliffe to the stranded ship.

It appears the Tees injured her propellor and bent her rudder post on Wednesday while passing Clay Pits. She struck a submerged rock, then slid off and anchored. After the first call of distress the wireless ceased to work. Her crew and passengers were put on two meals a day as rations were low. The passengers were transferred to the tug Salvor and will reach here during the day.

INVESTMENT THAT PAYS.

No home in Western Canada can better invest a dollar than send it for a year's subscription to The Family Herald and Weekly Star. That paper has been a blessing in thousands of Western homes. Its agricultural columns are as good as a course in a college. Its world's news page covers everything in the news line and its magazine section provides ample reading for the whole family. Any person seeing the beautiful picture, "Home Again," in a shop window would readily give two dollars for it, yet it can be had absolutely free by sending a dollar for a year's subscription to the paper. Such a paper for a year with such a beautiful picture all for the price of a bushel of wheat is certainly a good investment.
