A HAPPY NEW YEAR

It is easy for most of us to have a happy new year. It is largely a matter of mental attitude. The year will be as happy as we make it. Uunder normal conditions February 7—North Star vs. Biological Station; Gyro vs. Printers. February 10—Electrical Workers most of us can be happy if we go about it the right way. vs. Rupert Motors; C.N.R.A. No. 1 IN THE SUPREME COURT OF BRITISH If we lived in China and our families and homes were vs. C.N.R.A. No. 2. blown up by Japanese shells, it might be rather difficult to be happy or, if we lived in Spain and our homes were ruined by the Fascist forces, there would be an excuse for unhappiness. In Russia too, if we were suspected of being Rupert Motors; North Star vs. in disagreement with the powers that be, we might be un- Printers. happy in a prison camp or we may be happy or the opposite in the spirit world. These are extreme cases. It is also rather difficult to keep happy if we are out of a North Star; Electrical Workers vs. same, properly verified, to the before the 18th day of January, A. job in this country and our families find it difficult to Biological Station. acquire the necessaries of life. Yet there are many people on relief who appear to be quite happy and are not Gyro; C.N.R.A. No. 1 vs. Printers. the least anxious to get a job which means real work. North Star; Rupert Motors vs. Bio-Where there is sickness or death in a family, unhappiness logical Station. is likely to follow for at least a brief period. Under nor- March 7 - Rupert Motors vs. mal conditions of life we can enjoy every day if we wish C.N.R.A. No. 1; Gyro vs. North Star.

OUR WISH TO ALL

Our wish to all our readers is that they may so ad- No. 1; Gyro vs. Rupert Motors. just themselves to conditions that every day throughout March 17—Biological Station vs. 1938 may be a happy day. We hope all will be kept busy C.N.R.A. No. 2; Printers vs. Electriso that they may not have time for repining or grumbl- cal Workers.

March 21—C.N.R.A. No. 1 vs. Bioing or fault finding. We hope they may all have a reason- logical Station; C.N.R.A. No. 2 vs. able amount of money paid regularly so that they may North Star. secure for themselves and their dependents the necessities of life and a few luxuries, not too many. We wish Gyro; Printers vs. Rupert Motors. them a happy home life, if they have homes. We hope trical Workers; C.N.R.A. No. 1 vs. that the city will make substantial progress during the C.N.R.A. No. 2. year but, if it should not, we trust it will be from no fault of any of us and that we may accept the situation and carry on, making the best of what we have.

We all hope that in the coming year we may see a beginning made on the construction of a pulp mill but, if C. N. R. A. No. 1; Gyro vs. Biological not, we shall still have a good city here. We hope the big Station. defense program of the department of defense will get underway. We hope that before very long we shall be old Empress; Gyro vs. C.N.R.A. connected by highway with the rest of the world and that we shall be connected with the Peace River country Gyro; Old Empress vs. C.N.R.A. by rail but our happiness is not dependent on any of these things although many think we would be happier if we obtained them:

Some of us think our happiness depends upon the success of our churches but it does not. Happiness is largely an individual matter. Some of us need excitement to keep us happy while others of us can be happy with a few feet of ground in which to plant a few poppies.

Finally we wish you all the power to adjust your outlook to the needs of the times, we wish you steady growth -mental, physical and spiritual. We wish for you all steady growth in wisdom with a spirit of co-operation and a large measure of toleration in your homes, your city, your province, your country--moving steadily toward a better and brighter and happier world.

More PEP More POWER Better Motor Performance THE "KING" TESTER

That is what you will have after we have gone over your car will our "KING" Tester, which is the last word in equipment for diagnosing motor trouble.

Very often the difference between a slow motor and a PEPPY one is only a matter of minor and inexpensive adjustments. It doesn't take much to put a high speed motor "out of line," but it does take special equipment to locate the trouble so that it can be remedied. We have the finest equipment obtainable and it elimin all GUESS WORK. Bring your car m and get PEP for the getaway and POWER for the hills.
