Waterfront Whiffs

All Salmon Canneries Still Running—Halibut Landings Away Ahead of Last Year—Covenant Leading Local Fleet

All salmon canneries in Prince Rupert district are still in operation despite the lightness of the run due to unfavorable weather conditions and other reasons. With the closing of gillnet fishing for sockeye on August 13, however, the canneries are expected to commence closing down, only a few remaining open to pack fall varieties.

Pinks are commencing to show up in the seining areas by the middle of August. A light run of this variety is also expected this year. A fair run of cohoes is continuing.

Following the closing down of Area No. 2 to fishing on July 28 and the withdrawal of the majority of the smaller Canadian boats for the season, halibut landings at Prince Rupert showed a falling off during the past week. The landings for this period totalled only 265,800 pounds of which 158,800 pounds was from Canadian vessels and 107,000 pounds from American. The grand total of landings for the season up to and including yesterday was 9,360,750 pounds as compared with 7,496,100 pounds at a corresponding date last year. The Canadian total for the 1937 season to date is 5,176,750 pounds in comparison with 4,192,500 pounds and the American total 4,184,000 pounds as against 3,303,600 in 1936. Prices remained at a satisfactory level during the week with the high bid for Canadian fish 9.3c and 6c which the Embla received for 12,000 pounds and the low 7.7c and 6c which the Annabelle was paid for 4,500 pounds. For American fish the high price of the week was 10c and 7c which the 'Frisco was paid for 12,000 pounds and the low 9.3c and 7c received by the Harding for 24,000 pounds.

The Covenant, Capt. Hans Underdahl, up to the end of July, was leading the Prince Rupert halibut fleet in volume of fish landed for the 1937 season, having an aggregate of 194,000 pounds in ten trips. The Melville, Capt. John Ivarson, was second with 156,000 pounds in ten trips and the Cape Beale, Capt. Edgar Arnott, third with 144,000 pounds in four trips. The Tramp has made the greatest number of trips into Prince Rupert with fish—thirteen for a total of 133,000 pounds. The Viking I has landed twelve fares for a total of 120,000 pounds while the P. Dorreen, Mother II and Finella have each landed eleven trips for totals of 114,500, 98,000 and 97,000 pounds respectively. The heaviest lander of the American fleet at Prince Rupert this season has been the Atlas with 159,000 pounds in five trips with the Explorer, 142,000 pounds in five trips, second and the Excel, 101,500 pounds in five trips, third. The Visitor, with seven catches, has so far landed the greatest number of fares for the American fleet, bringing in an aggregate of 40,200 pounds. The 'Frisco and the Wabash have each landed six catches, the former for a total of 51,000 pounds, and the latter with 29,400 pounds

Otto C. Young, mechanical engineer attached to the staff of the Prince Rupert Fisheries Experimental Station, returned to Prince Rupert on the Princess Adelaide last evening after having accompanied an experimental refrigerator carload of fish across Canada from Vancouver to Montreal over the Canadian Pacific Railway. The car used contained the latest refrigeration devices as perfected at the Prince Rupert station and the results were eminently satisfactory. Mr. Young was accompanied on the trip by Dr. Robert H. Bedford, another member of the station scientific staff who will return to Prince Rupert later.

Her passenger list including no less than fifty round trip tourists as well as a number of local passengers, C. P. R. steamer Princess Adelaide, Capt. Henry Anderson, arrived in port at 7:30 last evening from the south and sailed at 10 p.m. on her return to Vancouver and waypoints.

Having spent the night making her calls at Skeena River cannery points, Union steamer Cardena, Capt. John Boden, arrived in port at 5:30 this morning from the south and sailed at 7:30 a.m. on her return to Vancouver and wappoints. There were 36 round trippers on the Cardena.

The co-operative packer Ogden delivered 7,000 pounds of cohoes from Banks Island and 3,500 pounds cohoes from Squaderee. The Azurite delivered 5,000 pounds cohoes from Dundas and 3,500 pounds cohoes from Zayas. The troller Nora, Capt. Martin Fladsett, delivered 350 pounds of cohoes. The troller Bothnia, Capt. Mike Haapala, delivered 1300 pounds of cohoes. The troller Arlington I, Capt. George McLean, delivered 700 pounds of cohoes, the troller Fran II, Capt. Harry Hanson, delivered 2,300 pounds of cohoes. The troller Nordic, Capt. Gus Nonman, delivered 2000 pounds of cohoes. Troller B.B., Capt. N. Dendison, delivered 1,200 pounds of cohoes. The troller Real, Capt. Ole Valderhaug, delivered 500 pounds of cohoes. These deliveries were made to the Fishermen's co-operative at the advanced price of 9c and 8½c.

Shipping Clamshell

Shipments of clamshell continues to be made from Dundas Island near Prince Rupert to Seattle. Last evening the Vancouver tug Kingsway, Capt. S. Carlson, arrived here to take two scowloads of shell south.

No boats being in with catches, there was no sale of halibut on the Prince Rupert Fish Exchange today.

With a capacity list of passengers on board, consisting principally of round trip tourists returning south, C.P.R. steamer Princess Louise, Capt. S. K. Gray, is due in port at 3:45 this afternoon from Skagway and other Alaska points and will sail at 5:30 p.m. for Vancouver.

To handle shipments of canned salmon from packing plants in Prince Rupert district and elsewhere along the coast, the Union Steamship Co. has put its freighter Chilliwack back in commission with Capt. Ernest Sheppard in command. The Chilliwack was due at Skeena River canneries on Monday.

"LULU" WINS PRINCE OF WALES YACHT TROPHY

"Lulu," the six-meter yacht owned by Briggs Cunningham, pictured after it had won the Prince of Wales Trophy in the Bermuda regatta at Hamilton recently.

Former Well Known Local Chinese Dies

The death occurred recently at Sault Ste. Marie, Ontario, of Hong Yick Jarm (Tom Hong) who for many years was a well known Chinese resident of Prince Rupert. He was sixty years of age. The funeral took place from the residence of deceased "The Chinese Gardens" at Sault Ste. Marie.

Mr. Hong was born in a small village in the province of Canton, China, and he came to Canada in 1900. He became a naturalized Canadian in Brockville, Ontario. He was engaged in various business in Toronto, Ottawa, Brockville, London, Cobalt, Haileybury, Sault Ste. Marie and other cities in Ontario, Quebec, Nova Scotia and New Brunswick before coming to Prince Rupert in 1918. His wife passed away here during the influenza epidemic in the fall of 1918. He left here for the Soo with his daughter and two sons in December, 1934, to reside. He operated a market garden there.

Surviving are: his daughter, Mee; two sons, Sing and Ming; a newphew and a cousin, all of the Soo; besides cousins in Ontario and Quebec and relatives in China. During his 37 years residence in Canada he made many friends both among the Canadian and among his own countrymen. He was a member of the Chinese Reform Party.

Forin Campbell of Prince George, inspector under the Department of Labor at Victoria, is in the city looking into conditions.

Pays Tribute To Harry Rochester

"Was Square Shooter and Outstanding Man," Says Editor of Omineca Herald

Last Wednesday night Harry B. Rochester of Prince Rupert passed on while a patient in the Christian Scientist Sanitarium in Victoria, says Editor C. H. Sawle of the Omineca Herald. He had lived to a good age (70) and when it is remembered that he was a great sufferer for the greater part of those 70 years, it will be recognized that he had a great will power and a great constitution. But his misfortune did not prevent him being one of the outstanding men in Prince Rupert right from the beginning. In business he was a success, in public life he was an able administrator and in the club and social life all doors were open to him. He was a keen student of Prince Rupert welfare and served on the council, was twice mayor, was for years on the hospital board and on the school board, and every where he served he gave the best he had. As manager of the Prince Rupert Hotel he was perhaps best known to those outside of the city, and be it said for him, he always conducted a hotel of the very highest order.

On all matters Harry had an opinion of his own. Once he thought he was right he stuck to it, and many times he was right. Because he could not be swung about to suit the whim of party politicians, it cannot be said that he was the most popular man in Prince Rupert, but it can truthfully be said that he was one of the most highly respected, and his views and opinions were always respected by all parties.

Harry Rochester was a square shooter, and an outstanding man, and Prince Rupert will not be quite the same again for those who have known him during the early history of that city.

BABY VETERAN ACTOR

WINNIPEG, Aug. 7: (CP) Although but three years old, Allan Randall, son of Mr. and Mrs. George H. Randall, formerly of this city, has appeared in 45 motion pictures, a record his parents claim has never been equalled by any actor his age. Allan's latest movie appearance was as youthful Victor McLaglan in Wee Willie Winkie.
