Colorful Internationalism Pervades Unique Ban t In Honor of Kaiwo Maru's Visit

Couched in a colorful international atmosphere which pervaded practically all its features, a banquet given Saturday evening at the Boston Hall under the auspices of the Prince Rupert Japanese Association and the Skeena for some years, surrendered to Pro-Fishermen's Association in honor of the captain and officers of the visiting Japanese training ship Kaiwo Maru was one of the most unique social affairs ever held in

tendance about two hundred and fifty persons—possibly half and half Canadian and Japanese. The evening's program included some speeches in English and some in Japanese. The musical numbers ranged from interpretative dances in picturesque Japanese costume to the virile strains of bagpipe selections. Large Canadian and Japanese flags formed the background for the speakers' table. It was an event of interest and delight for all in attendance. Planned as an outstanding event in connection with the visit to this port of the Kaiwo Maru, it was a great success. No expense or effort was, apparently, spared to make it so.

Sadao Suga acted as chairman! and toastmaster and opened the proceedings by calling for the honoring of toasts to the Emperor of Japan and the King of Great Britain and Canada, the National anthems of the two nations being through the garage, the sliding sung-"Ki Mi Ga Yo Wa" for Ja- door of which had been pried pan and "God Save the King" for open. The program list was opened by the chairman with brief but appropriate remarks in which reference was made to the goodwill between Tokyo and Prince Rupert which was to be implied from the visit of the Kaiwo Maru. The possibilities of development of trade and commerce between Canada and Japan through this port were also alluded;

City Commissioner W. J. Alder was called upon to extend an ofhave been selected as the only ber: port of call on this side of the Pa-! cific for the Kaiwo Maru. He hoped stimulated for this port. The Commissioner read a letter from Hon. R. Randolph Bruce, Canadian minister to Tokyo, commending the captain, officers, cadets and Maru as a gift to the city of Prince local Japanese community.
