## L00K! The New 1938

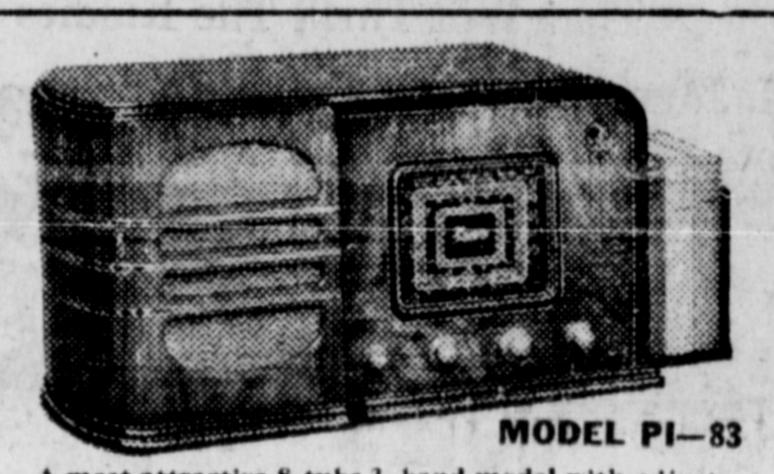

MODEL PU-62 Handsome 6-tube Console of figured walnut Remarkable performer on both long and short wave. PHONOLA Rotor-Ray Dial. "Brilliant-

Control and Shielded Chassis all contribute

to making this an outstanding value

You'll get an entirely new slant on Radio when you see and hear the 1938 PHONOLA receivers. Always the leader in cabinet beauty and tone quality, PHONOLA this year brings reception to a new high in perfection. Overseas programmes as well as 'distant standard broadcasts come in regularly with power and clarity that will amaze you. We'll gladly demonstrate PHONOLA in your home or in our store without obligation.

A most attractive 8-tube 3-band model with adjustable book-end. The "Precision Built" chassis has every worthwhile feature. Here's performance, beauty and utility combined. All the advantages of console performance built into a table model

# "What a Lovely Tone"

That's What Everybody Says About The New

# Phonola Radio

No matter what model you choose you will be delighted with its fidelity of tone as much as the outstanding value every Phonola represents.

Whether or not you are in the market at the moment for a new radio, come in—see and hear the new Phonolas.

Phonola Radios are a product of one of the largest, most completely equipped radio plants in Canada and are the result of over 30 years experience in the science of sound reproduction.

Phonolas are designed and built in Canada, not merely assembled in Canada.
