CLEAN-UP WEEK

City Commissioner W. J. Alder has designated next week as Clean Up Week in Prince Rupert. It is a little son. later this year than in some years of the past but it will be timely in view of the Coronation celebration to take place the week following. It is expected there will be quite a few district visitors in town for the celebration and it is desirable that we should make a good impression upon them as well as upon the tourists who will be arriving not long after. Led by the good example of the city itself, it is to be hoped that all citizens, so far as it is within their Mackintosh. power, will co-operate in making it a real Clean Up Week and that there will be due following up throughout the summer.

ACQUIRING YUKON

Reactions vary as to the proposal to bring Yukon Territory into the Province of British Columbia. The ques- McIntyre. tion resolves itself down to whether we may get out of the deal enough to compensate us for any additional responsibilities there may be. The Premier has suggested' that the additional financial burden will not be one of any importance. No doubt, the whole issue will be very seriously discussed before it obtains the necessary assent or otherwise from the Dominion Parliament and the provincial legislature. Naturally, it is a matter of much interest to Prince Rupert. It is a move exactly in the opposite direction from the proposal that has sometimes been brought forward of Northern British Columbia separating itself from the rest of the province.

SOCIAL CREDIT

We were interested to receive an announcement yesterday from our good friend, Capt. John Bowen-Colthurst, that he had been selected by Social Credit headquarters in Vancouver to carry the banner of that movement in Prince Rupert at the forthcoming provincial election. It will, at least, give Capt. Bowen-Colthurst the chance to explain to us more fully some of the fine points of that movement. We do not know whether any great number of people in Prince Rupert fancy Social Credit. Indeed, we do not know whether or not Social Credit has and W. R. Hamilton. a very definite program to offer the people of British Columbia. We shall be looking forward to hearing from Montague Caple. Capt. Rowen-Colthurst about that. We know Capt. Bowen-Colthurst well enough to feel assured that-win. draw or lose—he will put up a good, sporting fight.

MR. CLARKE'S VIEW

Editor, Daily News :was somewhat surprised to learn through the press that the Presbyterian Church is entering upon a program of competitive missions by sending a minister into the Stewart area which is already served by two Protestant churches. Lest I was mistaken I communicated with Mr. Hollingworth only to learn that no attempt had been made at co-operation in any form.

Prior to the consummation of union in 1925, the Presbyterian and Methodist churches nag co-operated for years in missionary activity in the four western provinces. So successful was that co-operation that there was very little overlapping and many local union and community churches were formed in which the people worshipped and worked harmoniously under the leadership of a minister of either of the parent churches.

That co-operation in the Home Mission areas was an important factor in the forming of the United Church by the union of the Presbyterian, Methodist and Congregational churches in June 1925 and accounts for the fact that the part of the Presbyterian Church which did not concur in the union was left without Home Mission fields.

In pursuing the aggressive policy of establishing missions regardless of what churches serve the area is to turn the clock back many years. The great preaching mission which was held in the United States last fall in which many denominations ro-operated revealed to the church leaders that the people are much more ready for co-operation and unity than are the church leaders themselves. The same would seem true of Canada.

Can any sane person see a reason for opening another church in the Stewart area when at present there is an Anglican minister resident in Stewart and the United Church minister at Anyox spends two weeks of each month in that area holding services at Stewart. Premier and Big Missouri? Each of the churches is paying over one hundred dollars a month of missionary money to maintain their work in that area and now the Presbyterian Church is to spend a like amount. Is it justified?

It is quite true that Mr. Hollingworth had communications from persons in Stewart who are dissatisfied with the churches there. But there is dissatisfaction in our churches in Prince Rupert, some of which is due to us ministers. But what kind of a church is it that capitalizes on dissatisfactions in other churches?

Had Mr. Hollingworth conferred with the superintendents of mis-Social Credit, Dr. R. H. Smith sions of the United Church who have known the church in Stewart for many years he might have learned something of missionary activity there and arrived at a basis of co-operation. Surely the Board of Home Missions of the Presbyterian Church is not fully conversant with the situation or else has an abundance of mission-

It may appear that I am anta-C. C. F., William Offer, J. Evans gonistic to the Presbyterian Church. Not so, for the United Social Credit, A. D. Creer (party Church is ready to co-operate in any area for the furtherance of the Gospel. Co-operation with the An-Don't forget when visiting Port- glican Church is progressing on (tf) cal congregation and the Presbytery heartily supported the plan for a community church in Prince Rupert. I am concerned for the name of the church and its work as a whole. I have served the church in the west for almost 25 years, most of the time on home mission fields in which I enjoyed! the co-operation of the Presbyterian, Anglican and Roman Catholic Churches and from my association with people I have learned that the multiplicity of churches is a hindrance to the cause of Christ. In the minds of the people the scandal of Protestantism is in its divisions.

What is needed is more Christianity and less churchianity. C. D. CLARKE.
