BRAZIL DICTATORSHIP

Brazil has been governmentally unsettled for some time and the announcement that a dictatorship has been declared was not unexpected. There seems to be danger of a dictatorship in any one of those countries which threaten communist dictatorships. And the people in those countries seem to agree that a dictatorship by the army is better than dictatorship of the proletariat representatives. It may also be remarked that it is only where there is great political unrest that the dictators have any chance of success.

YOUTH DEMONSTRATION

We are all strong for peace but we cannot see what possible effect the Canadian Youth demonstration at Toronto can have on the warring nations such as Japan and Spain or the possibility of Russia entering the conflict against Japan. What they may do is to weaken the prestige of the Empire when it speaks through its chosen representatives. It was because of its unhappy divisions that China was attacked by Japan and Russia is very greatly weakened by the news of punishment of men who seen to have been plotting against the government.

INTERESTING CAMPAIGN

There is to be an election in Victoria to choose a member to take the place of the late Hon. S. F. Tolmie, Conservative. The Conservatives have nominated a newspeperman, Bruce McKelvie of the Victoria Colonist staff Liberals have chosen R. W. Mayhew, former reeve of Oak Bay, and the C.C.F. have again as their standard bearer, Rev. King Gordon, son of the late Rev. C. W. Gordon, better known as Ralph Connor. At the last election Mr. Gordon was the runner up so it will be very interesting to note whether Mr. Mayhew will fare any better than his Liberal predecessor. Mr. Gordon has the advantage of being well known through having contested the seat before but against that is the fact that he is a non-resident candidate. The election takes place at the end of this month.

General Synopsis—Low pressure is now centred on the southern portion of Vancouver Island, causing snow in Southern British Columbia. It remains fine and cold in the Northern districts.

West Coast of Vancouver Island—Strong northeast winds, mostly cloudy and cold with occasional snow.

ERSKINE, Alt. Nov. 13: (CP)—Puppies on the Baker farm, near here, have turned to the hi-jacking business. The farm cat has a large family of kittens. She goes hunting every day for mice. On her return, the pups are waiting, intercept her on a porch, steal the catch and scamper away. This has happened on many occasions.

SPORT CHAT

The "Rabbit," Charles McViegh, is back in the National Hockey League but this time he is not indulging in those jerky antics that used to delight fans around the circuit. McVeigh, formerly with New York Americans, didn't play at all last year but now, along with three other former N.H.L. stars, he is being tested for the staff of those seldom-cheered, often-jeered referees.

Also getting tryouts are Reg Noble, one-time Montreal Maroon and Detroit Red Wing; Sylvio Mantha, who starred for years with Montreal Canadiens and Bert McCaffery, a former Toronto player. Two other arbiters are getting a chance at big-time officiating. They are Norm Lamport of Toronto, an Ontario Hockey Association official, and Archie McTeer of Calgary.

Since the "Rabbit," born in Kenora, Ont., left the N. H. L. there hasn't been anyone with that peculiar, jumping style of skating that was his. The fans used to like it as he scuttled up the ice with deft, choppy strokes.

The group of N. H. L. referees at present includes Odie Cleghorn, once a defense ace with Canadiens; Babe Dye, reputed to have had the fastest shot in hockey; Mickey Ion, Clarence Campbell, a Rhodes scholar and lawyer from Edmonton, Ag Smith, and Eusebe Daigneault. Bill Stewart, referee-in-chief last year, quit to become manager of Chicago Black Hawks.

DEPARTMENT OF MINES

Synopses of Mining Laws

MINERAL ACT

Free Miners' Certificates

Any person over the age of eighteen, and any Joint Stock Company is entitled to enter upon all waste lands of the Crown and upon any other lands whereon the minerals other than coal are reserved to the Crown and its licensees (with specific reservations), for the purpose of prospecting for minerals, locating claims, and mining. The fee to an individual for a Free Miners' Certificate is $5.00 for one year. To a Joint Stock Company having a capital of $100,000.00 or less the fee for a year is $50.00; if capitalized beyond this the fee is $100.00. The Free Miners' Certificates run from date of issue and expire on the 31st of May next after its date or some subsequent 31st of May. Certificates may be obtained for any part of a year terminating on 31st of May for a proportionately less fee. (Free Miners' Certificates are also applicable to the Placer Mining Act.)

Mineral Claims

Size: 51.65 acres.
Recording fee: $2.50 per claim.
Representation: Assessment work to the extent of $100.00 must be done each year and recorded on or before the anniversary date of record of the claim. Cash in the sum of $100.00 may be paid in lieu of such assessment work. Fee for recording assessment work, $2.50. If the required assessment work has been performed within the year, but not recorded within that time, a free miner may within thirty days thereafter record such assessment work upon payment of an additional fee of $10.00. The actual cost of the survey of a mineral claim to an amount not exceeding $100.00 may also be recorded as assessment work. As soon as assessment work to the extent of $500.00 (or cash half of a like amount) is recorded and a survey made of the claim, the owner of such claim is entitled to a Crown Grant on payment of a fee of $25.00, and giving the necessary notices required by the Act.

PLACER MINING ACT

Four types of placer claims:
Creek diggings; bar diggings; dry diggings; and precious stone diggings. (For details see Part II, Placer Mining Act.)
Representation: A placer claim must be worked by the owner or someone on his behalf continuously as far as practicable during working hours. Lay-overs and leaves of absence may be declared by the Gold Commissioner under certain conditions. To hold a placer claim for more than one year it must be re-recorded before the expiration of the record or re-record.

Placer Mining Leases

Size and method of staking, etc.
Eighty acres in extent, staked along a "location line" not more than one-half mile in length. In this line one bend or change of direction is permitted. Where a straight line is followed two posts only are necessary, i.e., an "initial post" and a "final post." Where there is a change of direction a legal post must be placed to mark the point of the said change. The leasehold is allowed a width not in excess of one-quarter mile. The locator is required within thirty days after the date of the location to post a notice in the office of the Mining Recorder setting out the name of the applicant; the number of his free miner's certificate; the date of location; the number of feet lying to the right and left of the location line and the approximate area or size of the ground.

Dredging leases on rivers for five miles below low-water mark are also granted.

Fees: Annual rental on placer mining lease, $30.00; annual development work required to be expended, $250.00; annual rental on dredging lease, $25.00 per mile; annual development work required to be expended, $1,000.00 per mile; the value of any new plant or machinery employed to count as moneys expended in development. Fee for recording certificate of work, $2.50. Lease fee, $5.00.

Provisional Free Miners' Certificates. (Placer) Act

Department of Mines Act

Among other things these Acts provide for the staking and recording of placer claims without payment of fees, and assistance to prospectors by free assays, etc.

A detailed synopsis of the above Acts, also the "Mines Development Act", "Mineral Survey and Development Act", "Iron and Steel Bounties Act", and "Phosphate-mining Act", are available at the Department of Mines, Victoria. Complete copies of the Acts may be obtained from the King's Printer, Victoria.
