BRITISH INDUSTRIAL ADVANCES

Great Britain is spending approximately fifty million dollars on housing and other works in the northeastern section of England. Part of the money is being expended on reconstruction and widening of highways, erection of airports and a quarter of a million dollar stadium near Newcastle. Private enterprise is doing a good part in this rejuvenation of the North of England and is ably backed up by the state.

WORSHIPPING STRANGE GODS

The tendency of late among nations as well as men has been to turn aside from the old religion of right and wrong and set up the god af expedience as the true God to be worshiped. We are finding even our own country refusing to make any sacrifices in the cause of justice, complacently, acquiescing in the condition which is developing all around.

Yet there are many voices of protest, even if they are not effective. Albert Einstein in a message to the American Y.M.C.A. said:

"The political and economic conflicts and complexities of the last few decades have brought before our eyes dangers which even the darkest pessimists of the last century did not dream. The injunctions of the Bible concerning human conduct were then accepted by believer and infidel alike as self-evident demands for individuals and society.

"Yet today we must recognize with horror that these pillars of civilized human existence have lost their firmness. Nations that once ranked high, bow down before tyrants who dare openly to assert: Right is that which serves us! The quest for truth for its own sake has no justification and is not to be tolerated. Arbitrary rule, oppression, persecution of individuals, faiths and communities are openly practised in those countries and eccepted as justifiable or inevitable.

And the rest of the world has slowly grown accustomed to these symptoms of moral decay. One misses the elementary reaction against injustice and for justice—that reaction which in the long run represents man's only protection against relapse into barbarism.

"Let us refuse to accept fateful compromise. Let us not even shun the fight when it is unavoidable to preserve right and the dignity of man. If we do this we shall soon return to conditions that will allow us to rejoin in humanity."

WRONG ATTITUDE

May we point out that the thought of a nation usually moves slowly. If there is no strong leadership, as at present, it takes time for ideas to penetrate, especially under a democracy. Only the real leader can clarify the thinking of the nation and that has not yet been none in Canada. There is a tendency to let things drift and hope for the best. We allow the voice of the false peace advocate to silence our better impulses. This attitude is as wrong as condoning crime in our own country and standing with the police when they fail to make an arrest.

FINE LOT OF PILOTS

(Continued from Page One)

manner we are able to obtain a most intelligent story of the individual ability of every pilot.

"I can safely say that I am highly impressed not only with our methods of pilot training but with its progress and it is pleasing to note that our Canadian pilots are responding so favorably to this new training system. Most of our pilots have had much valuable experience in "bush flying" where they had a real job to do all by themselves. This experience has developed a fine degree of personal initiative, resourcefulness and patience.

"To qualify as a pilot with the Trans-Canada Air Lines a man must attain a very high degree of efficiency, I am satisfied that the pilots in our service will be second to none," concluded Mr. MacLaren.

PRECAUTION IN HUNTING

Smithers' Jury recommends Old Coats and Caps —Cook's Death Accidental

SMITHERS, Dec. 3—A coroner's jury, after hearing the evidence in connection with the shooting accident whereby Fred Cook of Smithers lost his life while hunting moose near Smithers on Sunday brought in a verdict that deceased came to his death as a result of a hunting accident and strongly recommended that it be compulsory for every hunter to wear a red coat and a red cap when going into the woods after game. The jury was empannelled on Monday afternoon and consisted of J. P. Downey, Geo. H. Wall, Chas. Morris, John S. Gray, Arthur D. Jones and L. H. Kenney. Mr. Kenney was selected as foreman of the jury and the hearing took place on Tuesday afternoon before Coroner H. B. Campbell. Dr. G. G. Ferguson who had performed the autopsy, and four other witnesses were called.

The funeral was held on Wednesday afternoon from the United Church. Rev. W. B. McIntosh conducted the service, assisted by Rev. J. E. Birchall. The United Church was filled with the sorrowing friends of the family of the deceased. The members of the Smithers' Brass Band, of which the deceased had been an active member, attended in uniform and also provided the pall bearers.

The family has the deep sympathy of the whole community in its bereavement.
