MEMORIES

When Mr. Maitland addresses us tonight he will tell us what a wicked man Mr. Pattullo is; he will tell us of his extravagance; of the Westminster Bridge; of work and wages; and he will, with pleasant words and witty anecdote promise that if we will but elect Mr. Evitt, Dr. Patterson will practice such strict economy.

Oh! If we could only forget! If we could only forget that Dr. Patterson was Dr. Tolmie's right hand man in Vancouver! If we could only forget that Mr. Maitland was a member of Dr. Tolmie's cabinet! If we could only forget that Premier Bennett honestly tried a policy of work and wages to relieve the unemployed and gave $3,000,000 to the Tolmie government as a starter! If we could only forget that out of that $3,000,000, $2,500,000 was spent in Tory graft upon camp equipment so that only $500,000 of it was available for wages! If we could only forget the bath tubs and the mattresses! If we could only forget that Mr. Bennett, in despair at such corruption, was driven, against his will and better judgment to direct relief, the curse and blight of our present social economy!

If we could only forget! But alas!
"Memory, the warder of the brain,
"Lulled in the countless chambers of the brain,
"Our thoughts are linked by many a hidden chain;
"Awake but one, and lo, what myriads arise!
"Each stamps its image as the other flies!"

No, Mr. Maitland, we fear that we cannot give you another chance so soon. The tragedy of your last government is still too painfully fresh in our memories.

Perhaps, after four years more of increased prosperity under the Pattullo government, the healing hand of time may obliterate the wound, and soften the memory. But please do not ask us, yet.

We fear the Patterson-Maitland set-up is only the old crowd with a new coat of paint.

The voice is the voice of Patterson, but the hand is the hand of Tolmie.

To Salmon Trollers

Messrs. Woodsworth and Telford, leaders of the C. C. F., advocate votes for Orientals. How long do you suppose it will be after Japs get the vote before they obtain trollers' licences and dominate trolling as they now do gill-netting? You know Japanese contractors supply Jap labor in a block as required.

Will they not also supply Japanese votes in a block where Japanese interests demand it?

You know that Japan is claiming the right to fish in international waters off British Columbia. What will happen here, if the Japanese have the franchise, when we are called upon to vote on the question of allowing Japanese encroachment upon our fishing grounds?

The white races are not allowed the franchise in Japan. Why should we give the Japs the vote here? Japan admits the races will never mix. You must admit them to be right. Are you prepared to give them equal rights with yourselves in your fishing and fraternal organizations? Will you accept them in your boat crews, in your lodges and in your homes? You must do this if, as Mr. Woodsworth says, we are to assimilate them.

Think this matter over carefully before you vote C. C. F.

GREAT CARL WINS AGAIN

New York Giants' Pitching Star Wins Twenty-Third League Game on Monday

NEW YORK, May 26: (CP)—The great Carl Hubbell pitched his twenty-third straight victory Monday as the New York Giants won a close six to five decision over the National League leading Pittsburg Pirates at Pittsburg. The Pirates lost again to Brooklyn in a series opener yesterday but are still ensconced in first place although their lead has been reduced to two full games. The Giants moved into second place above the idle St. Louis Cardinals yesterday by downing Cincinnati Reds. The Chicago Cubs won from the Phillies and are still in fourth place. The Brooklyn Dodgers are now leading the second division with the Boston Bees in fifth place. The Reds have fallen into the cellar.

In the American League New York is also cutting quite a figure, the Yankees, playing at their stadium yesterday, defeating Detroit to improve their hold on first place with a lead of one game and a half over the Philadelphia Athletics who lost to the Cleveland Indians at Shibe Park. The Detroit Tigers have fallen back into fourth place below the Cleveland Indians. The Boston Red Sox continued a winning streak by scoring a 4 to 2 victory over St. Louis Browns and have passed both the Washington Senators and the White Sox to move into leadership of the second division.

Hank Greenberg of the Detroit Tigers on Saturday at Boston clouted out a 500-foot home run, one of the longest circuit clouts on record, but the Red Sox nevertheless won the game.

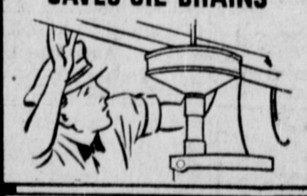
Saves you money

SAVES CARBON SCRAPES

SAVES GASOLINE

SAVES OIL DRAINS



SAVES MOTOR REPAIRS

4 WAYS!

It is 100% Pure paraffin-base. Gives you better lubrication *plus* freedom from carbon knocks!

FIRST, Triton motor oil saves on carbon scrapes and other upkeep expense caused by carbon. It actually *cleans out carbon as you drive*...forms so little new carbon that old carbon deposits burn, peel off, and blow out the exhaust. Thus it stops carbon knocks, gives smoother, more efficient operation.

SECOND, Triton saves on gasoline because it allows *correct,* advanced setting of spark—without carbon "ping." You get maximum power and efficiency from your motor—extra mileage from every tankful of gasoline.

THIRD, Triton saves on oil because it has extreme resistance to "breaking down" under operating conditions. It is a safe, full-bodied lubricant long after most oils are worn out. You can run Triton *longer with safety.*

FOURTH, Triton saves on motor wear. Scores of truck and automobile fleet operators, who keep accurate cost records, report Triton lengthens the time between overhauls, minimizes repair work, means fewer valve grinds, longer engine life.

WHY TRITON DOES ALL THIS:

Triton has these unusual qualities because it is Propane-Solvent refined, 100% PURE paraffin-base, 100% PURE lubricant—free from harmful carbon and sludge-forming, non-lubricating materials.

Try Triton next time you buy oil. Enjoy a better-running car. Save money! Over 500 stations in Western Canada sell Triton.
