The first diesel motored al steel vessel to serve in the great river systems of the Northwest Territories was launched at Fort Smith, Alta., before a cheering crowd of workmen, trappers, traders, priests and provincial dignatories. Mrs. J. C. Bowen, wife of the lieutenant-governor of Alberta, christened the new vessel "Radium King." The ship was built at Sorel, Que., cut into sections and shipped by rail to the northern city, where it was welded together again. It will carry rad upplies out of the Great Bear Lake district. Mrs. Bowen is shown in the upper photograph as she broke a bottle of champagne over the ship's bow. The lower photograph shows the "Radium King after the launching.

# Up Social Duties
