A New Slant

In view of the campaign still continuing urging people to borrow money for home improvements and considering the amount of advertising and persuasion, the results have not been as large as might have been expected. The difficulty is that this campaign upset all the theories and maxims of the past. Most people have been taught that the best policy was to spend money only after it was earned and never to borrow if it was possible to get along without it. Only big financiers knew the value of borrowing to make money.

Then suddenly, out of a clear sky, the government and the financial houses united forces to urge people to forget what they had been taught and go to the banks and ask for loans. A few did but most people feared what they had been taught to fear. They feared that they might not be able to repay the money and that the banks might get them in their grip and squeeze hard.

The New Finance

In the past most people also had been taught that every man should earn his own living and that money not earned should not be spent. But the governments of a good many countries had to come to the relief of those who had no means of earning because they could not obtain remunerative employment and these people got a new habit, that of living on money which they did not earn. So our whole financial structure is changed. We have learned to live on unearned money and we have been urged by the highest authorities in the country to borrow in order to provide ourselves with things we cannot pay for at once. Is it any wonder that a party has arisen particularly strong in the province of Alberta that suggests that each person in the country should receive a dividend of \$25 a month or thereabouts, payable by the government to each man, woman and child as his or her right.

Not Critical

We are not setting out to criticize the governments for their changes of attitude. We only mention this to show that the world is changing rapidly and that we are changing with it and sometimes a little ahead of it. We believe the policy of the government in trying to bring about a more normal spending on the part of citizens is a good policy but it has not been more successful because of our early teaching. We agree that it was correct to provide relief for unemployed but think every dollar of it should be earned. We have often urged the duty of the state to provide that every man should have the opportunity to earn a decent livelihood. We are not opposed to social credit in Alberta or elsewhere because we do not yet know what it is but evidently we are to learn soon. We suggest to all our readers that they keep an open mind to all new teachings but that they examine each step critically and carefully and avoid endorsing anything just because it seems plausible or easy of attainment.

FLAG DAY BY GYROS

All the Kids in Town Attracted To Doings Yesterday Afternoon

The Gyro Flag Day and Queen Crowning proceedings comprised the centre of attraction for all local children yesterday afternoon and, despite the showers, attendance was large and the complete program of the day was proceeded with.

The proceedings started with the parade from downtown led by a fire truck, the Prince Rupert Boys' Band and Sea Cadets Corps, which provided a guard of honor for the Queen and her court. Hundreds of children took part and there were a few dolls and pets specially gotten up for the occasion and for which prizes were presented.

At the grounds the Flag Raising ceremony was proceeded with. Dr. H. N. Brocklesby, president of the Gyro Club, presided and the address was by City Commissioner W. J. Alder. The Queen was then crowned.

The Queen and her court had driven to the grounds in a specially prepared float. The Queen was Miss Astri Peterson of Booth Memorial School with Misses Eleanor Clapp and Leona Whiffen as maids of honor. Last year's Queen, Philomena Murray, and her maids of honor, Kathleen O'Neill and Marion Erickson, also took part. Flower girls were Joyce Watt, Mary Margaret Bulger, Betty Ann Johnson and Peggy Large. Mrs. C. P. Bagnano was in charge of the training of the girls and Annette's arranged the attractive costuming.

There was good competition in the program of sports and a gymnastic display by girls was also featured. A Junior League football game was played.

GREAT DAY AT TERRACE

Excursion of Canadian National Recreation Association Fine Outing

The Canadian National Recreation Association's excursion drew some three hundred persons to Terrace Thursday in a nine-coach special train which left for the interior at 8 a.m. and returned about 1 o'clock this morning. Weather conditions were ideal at the interior town and a happy day was spent by all.

Some participated in or watched a special Dominion Day sports program. Quite a number went out to Lakelse Lake. Some visited their Terrace friends. Everyone did some sight-seeing.

The feature of the sports program was a baseball game between Terrace and Usk which Terrace came up from behind to win by a score of 16 to 10.

In the evening there were two dances—one in the Oddfellows' Hall and one in the Orange Hall.

The presence of Prince Rupert's pipe band made one of the features of the day.

Jack Frew headed the committee in charge of the excursion, other members of which were R. E. James, J. H. Mair, Peter Laskie and G. E. Phillipson.

COMMUNIST DANCE IS WELL ATTENDED

The C. L. D. L. Hall was filled Thursday night when a dance was held by the Communist Party. Music was by George Brown's Orchestra and Ernest Lewis was master of ceremonies. Refreshments were served under the direction of Mrs. C. Wallace. Mrs. A. Gomez presided at the door. Particular interest was taken in the drawings for three raffle prizes.

AT HOME ON SHIP

Capt. Hadano and Officers And Cadets Entertain Local Citizens

Capt. Z. Hadano and officers and cadets of the Japanese training ship Kaiwo Maru were "At Home" yesterday afternoon at a delightful reception to local citizens aboard ship. There was a large attendance. Fine guests were shown over the ship by the cadets after which an interesting program of moving pictures showing scenes at sea and in Japan was projected in the main saloon.

Later all assembled on the deck where toasts to the King of Great Britain and the Emperor of Japan were honored with the singing of the National Anthem. Refreshments were then served, these being the subject of much favorable comment. Bishop G. A. Rix called for three hearty cheers for Capt. Hadano and the ship and the proceedings concluded with the cadets singing the "Kaiwo Maru" song.

RETURNS FROM CRUISE

After an enjoyable cruise to Douglas Channel area, Dr. R. G. Large returned with his power cruiser Nereis at midnight last night. The trip was made in connection with the visit here in the course of their honeymoon tour of Dr. Large's brother, Dr. Gordon Large, and his bride, the former Miss Evelyn Trapp of New Westminster. Others on the trip were Mrs. R. G. Large and Dr. Neal Carter. Leaving here early last Monday morning, some interesting waters were explored including Foch Lagoon, at the head of Douglas Channel, and Kildala Arm. The magnificence of the scenery was impressive, particularly to the members of the party who had not been there before.

Dr. G. G. Moe of the University of British Columbia and his bride, the former Mrs. Olive Dawson of this city, are expected to pay a visit here about the middle of this month.
