AVIATION PROGRESS

DAILY EDITION

The loss of one of the flying boats of the United Kelly Johnny "Snag" Square-Biological Station States squadron at the week-end seems to indicate that, briggs is captain of the Baltimore C.N.R.A. No. 2 while marvellous advances have been made in the science Orioles where may be found also North Star and practice of aviation, there is still room for improve- dide, P.E.I. Then there is Irvin; ment. Almost daily we hear or read of planes cracking Mackie of Charlottetown who is up and lives being lost. Happily in the case of the week- playing with Windsor in the Michiend accident no lives were lost although the plane was gan-ontario league. wrecked.

DECLARES THERE IS DANGER

Captain Herbert Gresham-Grey, lecturer for the Bri- ton league. Jackie Kane, Big Four day to show their wares in Newtish Israel organization, speaking in Victoria last week, veteran, is playing-coach of the foundland. prophesied that British Columbia would be invaded by the Rowan "Bunky" Fitzgerald, who Japanese and that probably before the end of the year. He said the opinion in England was that British Columbia for Abekweits along with Williams, would be the Belgium of the next war. The guns for this coast, he said, would not be ready for a year and he was fearful for what might happen in the meantime.

CURIOUS POLICY

It has been well pointed out by a number of Canadian played in the Island Province injournalists that it seems a queer policy for Canada to Bruins; Des Smith, Montreal Mar- Chase Rheumatics build forts, mount guns and arm men to defend this coast cons; Joffre Desilets, New Haven against the Japanese when at the same time we sell that Eagles; Ron Hudson, Detroit Red By Good Beating same country material for munitions — nickel, copper, Wings; Ivan Nicholson, Kansas By Good Beating scrap iron and other products. Commenting on similar action by the United States, the New York Post says:

"Italy and Germany are at war in Spain. Japan is at war in China. None can provide, at home, sufficient munitions for their immediate needs.

"Where are they buying their munitions? Chiefly from the United States and Great Britain.

"If war comes the British-in bombproof cellars-will have more to fear in the next war from the British-made Glashen, Northern Ontario; Walter er blade with the aid of his good! bombs, British-made planes and British-made guns-in Lawler, Berwick Bruins, holders of wife and a good beating. "I askthe hands of their foes-than they will from any manufactured elsewhere.

"As for the United States, Senator Nye pointed out McClintick, Berwick Bruins; Steve stand, for 30 seconds. No harm in his radio address:

"Americans have been selling Japan millions of dollars' worth of airplane motors, hundreds of thousands of tons of scrap iron to be built into guns and shrapnel. Perhaps the shrapnel the bodies of the Panay crew gathered up as a result of that bombing was American scrap fired by powder manufactured under American formulas."

"A buck private who sold information to a foreign

government would be courtmartialed.

"A business man can sell that same foreign government bombs and can even call on the navy to protect his shipment and get away with it."

past days of sporting triumphs with year to date. such track and field stars as Phill Individual scoring last night was MacDonald who blazoned the name of the province across the Dominion with outstanding performances at trials leading to the Amsterdam! Olympics. Bill Haulpenny, a pole! vaulter, was another well-known Islander in Olympic trials years ago. For about 25 years the Charlottetown Abegweit Club staged the Maritime Track and Field Championships—but that's history now. In the shades of dismal despair, not! because of the lack of athletic material, but rather because much promising talent is developed only to blossom elsewhere, Islanders still take pride in citing the progress of sons in other parts of Canada and the United States.

More than 30 hockey players, some natives and others who were P.E.I. developed, may be found in Canada, the United States and England. Some of those players are still in the minds of hockey fans there, Forman especially those who played during Fidler the days of the Maritime Province's Big Four League which had gained! recognition as the fastest amateur circuit in the world. Hockey players abroad who once wore Island uniforms include Pete Kelly, now with Pittsburg Hornets but who Tuesday, February 1, 1938, has played with Detroit Red Wings P and also brought honor to the province with his golf clubs. Harry E Currie, born there, is a teammate Gyro Club
