SUPPORT THE DRAMATIC SOCIETY.

Tomorrow night in the Empress Theatre the curtain will 17 go up on the first performance of the Prince Rupert Dramatic Society. It is an occasion that every citizen ought to make a special effort to honor. For many weeks past the members have been rehearsing the play, and a very creditable performance is assured.

Here in Prince-Rupert where most of us have been attracted by the possibilities of making money, we are apt to neglect! the arts of life. In forming a dramatic society the ladies and gentlemen of the society are doing a good work. Not only is the work itself good, but the object of tomorrow's entertainment is an added reason for attendance. The proceeds of the evening are to be devoted to the purchase of works for the Christmas vexatious problems easily solved by Sloan & Company's Script, Public School library. A combination of two such excellent causes cannot fail to fill the house to its capacity for the opening performance of the Prince Rupert Dramatic Society.

A HINT FOR PRINCE RUPERT.

Nothing is more encouraging in the work of developing a progressive program for the development of Prince Rupert than to learn how other cities are achieving success. One of the most encouraging reports is that of the city of Winnipeg, which show how under a superintendent of construction some \\$..... \$670,000 has been saved the city from the prices for street SLOAN & COMPANY work asked by the contractors.

Mr. J. W. Astley, the superintendant, shows that the tenders which he submitted to the city were very close to the actual cost of the work on which his tenders were accepted, and that in only two cases the actual cost was higher than his ... Christmas Hampers... accepted tenders.

On asphalt No. 1 pavements, the total amount of the su- No. 1-"AT HOME" perintendent's tenders for which was \$426,021.44, there was a reduction of 7 per cent. below the figure for the same work in 1910.

The total amount of the superintendent's accepted tenders ONLY \$6 for sewers was \$64,828.52, and the actual cost was 2 per cent. No. 2-"FAMILY" below this amount. On block pavements the actual cost was 8 per cent. below the tenders, which amounted to \$4,712.42. The actual cost of water mains was 31/2 per cent. below the tenders, which totaled \$30.394.95. The tender for a gateway to Armstrong's Point was \$7,036.86, and the actual cost was 5 per cent. less. On bridges and repairs to bridges tenders were accepted totaling \$4,000, and the actual cost was 11/2 per cent. lower. On buildings the actual cost was 11/2 per cent. above the accepted tenders of \$2,500. The city's department of construction does not make competitive tenders on plank walks, but the estimated cost was 5 per cent. above the total actual cost of \$35,522. On artificial walks the work was done for 3 per cent. less than the accepted tenders of \$19,485.50.

A suggestion of particular interest to Prince Rupert is contained in the statement of Mr. Astley that a sum of \$15,000 was saved to the city of Winnipeg last year by the city owning and operating its own gravel pit. Sixty thousand cubic yards Clarke Bros., Ltd. per cubic yard less than it could be purchased for from contractors, and yet leaving a sufficient margin of profit to pay for machinery as required.

Gravel is a material of which the city of Prince Rupert will require great quantities. Foresight would suggest the wisdom of the city staking a few good gravel beds in the district befor they are all gone. Alderman Clayton in the early days of the Council moved a resolution that the Council stake some coal lands. This was not adopted owing to the risk and uncertainty connected with coal stakings and the expense of proving coal measures. These objections do not apply to the gravel, of which the city is bound to become a large user in years to come.

Why not stake a couple of gravel pits for the city?

Route Plans for the C. N. R. Are Filed With the Railway Commission at Ottawa-Surveys to Start.

Ottawa, Dec. 19 .- The first route plans for the Canadian Northern line into the Peace River country and across Northern British Columbia have been filed with the Railway Commission here. The precise route now indicated may not be followed, as ! many portions of the route be-I tween the Rockies and the coast have not yet been explored. Preliminary surveys will be made as soon as possible, and the actual route will be determined when the reports of the engineers are re-

Stewart, on Portland Canal, is ! spoken of as the probable termlinus of the road.

The company is also building a line from Edmonton to Fort McMurray. By the end of this year the company hopes to have the rails laid as far as Athabasca Landing, the head of navigation,

Favorite of the West.

No home in this western country can well afford to be without "The Family Herald and Weekly Star" of Montreal. It is particularly useful in western homes. The information it gives to the new settlers as well is worth simply marvelous the amount of good instructive matter that paper contains each week. It well deserves it success. One dollar cannot be better invested Sixth Street in western homes than by ordering that great paper. A beautipremium picture entitled "Home Again" is also included, and it is well worth the dollar alone.

NOTICE

Notice is hereby given that an applica-tion will be made to the Legislative Assembly of the Province of British Columbia at its next session for an act amending Railway Act, 1910 (Ch. 56, Statutes of British Columbia, 1910), by striking out all the words after the word "Columbia" in Line 10 of said Section and substituting therefor the following "And or from Fort George in a northeasterly direction to the valley of the Parsnip River by way of Fort McLeod, thence along the Parsnip River to a junc-

tion with the Peace River, thence along the valley of the Finlay River through Sifton Pass, thence down the Stikene River to a junction with the main line at Telegraph Creek; also powers to build branch lines either through the Pine River or Peace River passes to the eastern boundary of British Columbia, or by way the most feasible route, or in the alterna tive by the most feasible route between Lytton and Teslin Lake, also to build from a point on said line of railway to the City of Vancouver or from the City of Van-couver to a point on said line, by the mos feasible route." And further, for an act extending the time within which the company has to

commence construction and expend ten per cent of its capitalization. Dated at Victoria, B. C., this 5th day of ROBERTSON & HEISTERMAN,

Solicitors for the Applicants, the British Columbia & Alaska Railway Company

Department of the Naval Service RADIOTELEGRAPH SERVICE.

Sealed tenders, addressed to the under signed, endorsed "Tender for Dwelling House" and accompanied by a certified cheque for 10 p.c. of the amount of the ecember 31st, 1911, for the erection o dwelling houses at the Government Wireless Stations at Prince Rupert, Cape Lazo and Point Grey.

Plans and specifications may be seen at the following places: The Government Wireless Stations at Point Grey, Cape Lazo and Digby Island, Prince Rupert. The Postoffices at Vancouver, Nanaimo and Prince Rupert.

And office of the District Superintendent,
Government Wireless Service, Victoria, and
Department of the Naval Service, Ottawa.
