ls This the Reason You Are Constipated?

If you're wondering why your bowels don't work right-stop and think about what you eat. Bread, meat, eggs and potatoes. All good nourishing foods-but all concentrated, lacking in "bulk." And you need "bulk"! Some food that forms a soft, spongy mass in the bowels-helps them move. If it's this lack of "bulk"

that's causing your constipation, Kellogg's All-Bran is just what you need. It soaks up water and softens like a sponge. And this soft mass helps your bowels move. In addition, All-Bran gives you Nature's great intestinal tonic, vitamin B₁. Eat this crisp crunchy cereal every day, drink plenty of water, and enjoy happier days. All-Bran is made by Kellogg in London, Ont. Sold by every grocer.
