TO ERECT NEW MILL

It was satisfactory to have confirmed yesterday the news that the Reward Mining Company was about to commence the erection at once of a new mill to take the place of the one destroyed by fire. There had been so many stories about the probability of the property being closed down indefinitely that the statement of C. P. Reil to the effect that work was about to commence was very welcome.

The operation of the mine on Porcher Island meant considerable to Prince Rupert. There was a steady payroll of at least forty men, all in this trading area and their purchases meant something to local business houses. The great feature of the rebuilding of the mill is that mining people have faith in the property, indicating that there is sufficient ore to keep the operation going for several years at the least. This operation is an encouragement to prospectors who may be looking for other mining properties on the island.

DEFENDS FREEDOM

"The really striking thing, and heartening, about this whole Sandys military secrets incident in the British Parliament is its revelation of the determination of the British people to make no terms with any attack on freedom, no matter whence it comes," says the Ottawa Journal. Here in Canada, one fears, the implication of a Minister of the Crown in such a matter would have been defended by the ministry, would have become a party controversy. There was no party controversy in England; Conservative M.P.'s joined with opposition M.P.'s and Conservative newspapers with Liberal and Labor newspapers in upholding the rights of free criticism. The public was reminded that if it had not been for newspaper publicity during the last war, liberty, and probably the war, would have been lost, that "if the truth about intrigues, about the incompetence and the misplaced vanity of generals had been altogether hidden, the ghastly horrors of Passchendaele might have been repeated until the Germans were in Whitehall."

M'DONALD IS CHAMP PLANS ON PORT DAY

Wins City Singles Lawn Bowling Title—Doubles Competition Still Proceeding

Angus Macdonald defeated Ben Dalgarno by a score of 21 to 19 to win the city lawn bowling singles championship for the year. Last year's champion was Louis Arro; who failed to make the finals this year.

The following further games in doubles have been played:

D. C. Thomson and D. A. MacPhee, 13; A. T. Parkin and Ben Dalgarno, 10.

G. V. Wilkinson and Angus Macdonald, 18; W. D. Vance and D. G. Borland, 10.

In hat rink games on Sunday Louis Arro's rink beat George Hill's 24 to 21 and G. P. Tinker's rink beat J. A. Frew's 19 to 17.

Committees In Session Last Night Reporting Progress For Important Forthcoming Event

Further Progress in the organization of Prince Rupert's forthcoming Port Day celebration under the auspices of the Junior Chamber of Commerce was made at a general meeting of committees last night under the chairmanship of A. W. Newman. Reports were presented on behalf of the various sub-committees which will now proceed with further details of their plans. Another general meeting of committees will be held next Monday night.

W. M. Watts, chairman of the finance committee, reported on excellent progress having been made in the way of financial assistance from wholesale and waterfront concerns. Some were putting up cash and others were sponsoring races. Arrangements had been practically completed for two out-fitting concerns to consider the halibut gear setting contest.

After some discussion and on the basis of suggestions made that the time of the Port Day would not be suitable, it was decided to eliminate the purse seine hauling event from the program.

A number of suggested names for the Queen of the Carnival were offered but, as none were considered acceptable, it was decided to extend the time for receiving suggestions.

A letter from Premier T. D. Pattullo accepted the honorary chairmanship of the celebration and enclosed a contribution of \$20.

Olof Hanson M. P. wrote, stating that, if possible, he would be on hand to act as a starter.

T. A. McWaters reported to the publicity committee and G. L. Rorie for the dance committee.

SPORTS ARE EMHASIZED

Value as Corrective Factor Noted At Institution Near Toronto

TORONTO, July 26.—(CP)—Boys in bathing suits, 80 to 100 of them, marching briskly down a half-mile of streets to the East Toronto beach with only one adult supervisor in charge, give a little jolt to the popular idea of restraint at juvenile correctional institutions. This has been done for years in St. John's Industrial School here and the school enjoys a fine record among institutions of its kind in Canada for infrequency of escape.

St. John's has more the air of a boarding school than one devoted to disciplining boys. There are no barred windows, nor a fence around the great playing fields. The only item suggesting restraint is an oblong enclosure topped with wire netting. It's the new box lacrosse field, joy of the boys and pride of the staff.

Brother Cyril, head of the staff of twelve to sixteen Christian brothers, admits that sometimes corporal punishment has to be used. He is not prepared to say what keeps escapes to a minimum. The school has an active program and the boys are kept busy, he indicates.

"figure there is a good spirit," he said. "It is not so much equipment. The buildings are not as modern as in some other schools." He said the school's system was not soft by any means but tended to guarantee against repetition of offences in any necessary punishment for first offences.

He places emphasis upon the sports program, given a large scope through one hard baseball and three soft baseball diamonds, four hand-ball courts and the lacrosse field. The school bantam and mid-get hockey teams won their series last winter.

The regular school program is divided equally into study classes and shop or vocational work. The boys work a garden area of close to four acres and operate a large greenhouse. They do all the baking under the direction of a supervisor. In the workshops many boys who never before created a thing with their own hands learn trades.

BACK FOR MORE

HENLEY-ON-THAMES, Eng., July 26: (CP)—E. C. Branco, Brazilian sculler, travelling 12,000 miles every year since 1932 to compete in the annual regatta, has never survived a round in the Diamond Sculls.

Westview Won In Well Contested Ball Game Yesterday

Seventeen To Eight Victory Over McClymont Park Against Fast Pitching

Westview boys scored an upset last night by defeating McClymont Park 17 to 8 in a thrilling Gyro Softball League game. It was for the most part a pitching duel between O'Neill and Parlett with Bertie O'Neill of Westview outlasting Parlett.

The first part of the game was fast and close, the score being tied until the fifth inning when the Westview fielders relaxed momentarily to allow McClymont to score four runs. The boys tightened up after this inning to give O'Neill good support and hold the opposing team to one more run.

Sound pitching sparked the Westview team to greater heights. Not only were they a greatly improved team in the field but their hitting against the pitcher who is reputed to throw the fastest ball in the league left little to be desired. Westview big hitters were Mah, with four; O'Neill, with four, and Blain and Grimmon, with three each. Blackhall also had a big night with the stick, hitting three for five.

The Westview boys won the game in the sixth inning when the first five batters hit safely. Parlett seemed to weaken slightly in this inning. The McClymont fielders made a poor showing in this inning with the result that seven runs came across the plate. This rally demoralized the McClymont team and Westview was able to score six more runs in the next two innings to bring the final score to seventeen.

McClymont kept abreast of their opponents until the fifth inning then they took a one run lead by scoring four runs. In the sixth they again threatened when Barker drove a three-bagger into left field; then scored on Santerbane's sacrifice. Anderson hit safely but Scherk and Parlett were both in-field outs. For the remainder of the game they were unable to solve the slants of O'Neill and finished the game on the short end of a 17 to 8 score.

Team captains were Blain for Westview and Scherk for McClymont. Umpire was Neil Ross.

SUSPEND PRISON HEAD

EDINBURGH, Scotland, July 26: (CP)—Alexander Meikle, governor of Edinburgh Prison, was suspended from his post and fined \$15 (\$75) for drunk driving. His licence was disqualified for one year.

where they will be readily available for study of their rate of growth and development. The police have been requested to keep a watchful eye to protect them from tampering.

TROUT FRY ARE MOVED

Transferred Yesterday From Government Wharf Hatchery To Pond at Prudhomme Lake

Kamloops trout fry, having been developed from the egg stage at the miniature hatchery in the Government Wharf loft, were yesterday transferred by the Prince Rupert Rod and Gun Club to a pond in the vicinity of Prudhomme Lake where they will be corralled and fed until they become large enough to take care of themselves when they will be liberated in the lake which, it is expected, will be before the freeze-up in the fall. Charles Balazno directed the making of the transfer, expert assistance being given by Frank Warne of the Dominion Fisheries. Others assisting were J. L. Blain, Fred Grimble, Harry Edgar, Joseph Ratchford, J. A. Lindsay, S. J. Hunter and Don Ritchie. J. Ross of Prudhomme Lake is now in personal charge of the feeding of the young fish with canned whalemeat and otherwise looking after them.

A hundred or so of the fry have been placed in the fountains at Totem Park on Fraser Street and in the Canadian National Gardens.

MR. JUSTICE KRUSCHEN
IN THE
HYGIENE COURT
OF JUSTICE

"You have no right to be ill!"

All preventable illness is a crime—

a crime against yourself, your family and your race. Listen. There would be far, far less illness and pain in this world if people troubled to keep themselves clean and regular inside. Colds, headaches and rheumatic pain would get the better of their lives. Good health and abundant energy would be more the order of the day.

Here is one reliable step to internal cleanliness—the little daily dose of Kruschen Salts, less than one cent's worth a day—and in a civilized age it's everyone's duty to take that step.

KRUSCHEN SALTS

relieve constipation and rheumatism

Kruschen is a combination of several mineral salts which your body must get, in some way, to keep the blood pure, the inside clean, and the system generally toned up, but which you can't get in Nature's own way without abundant exercise and fresh air. You should have those salts every day; hence the importance of the "little daily dose." Every drug counter sells Kruschen in 25c, 45c and 75c bottles. It's the little daily dose that does it.

Try SUPER-SMOOTH ESSO Cars GO for it!
