### SOME GOOD IN EVERYTHING

Leo Sweeney, president of the Kiwanis Club at Victoria, put in a year in that position and was not heard of. The average citizen of the province not a member of the club did not know he existed. On retiring from the presidency he made the remark that there might be some LUCKY things in the Nazi government that were worthy of imitation. Then we began to find out who Mr. Sweeney was. He raised a tempest in a teapot and the club of which he had until recently been the head was asked to dissassociate itself from his remarks.

We feel like reneating what Mr. Sweeney said, if only for the purpose of finding out about ourselves. Also we think that Mr. Sweenev was right. We might even learn some things from the form of government they have in moments of the game, Toronto long with a beam of twelve feet Russia if only it was what not to do.

We do not like a great many things that are said Rangers by a score of 3 to 2 at the by men who profess to be among the leaders of certain night. Someone apparently had dropped a bullet into his tobacco can.
