GREENER **GUN**

No other gun can equal the GREENER for regularity of pattern (i. e. even distribution of shot) combined with efficient penetration "the force that kills"-it isn't what we say, facts prove it. W. W. Greener was the first gunmaker in the world to "harness" the shooting of a gun. Prior to the introduction of his world-famed system of choke boring, "pattern" had been the gunmakers' "will o' the wisp." W. W. Greener made it his servant and all the world's greatest honors have been won with GREENER GUNS. This is the kind you want.
