DAILY EDITION Wednesday, October 19, 1938

"KISS THE BOYS GOODBYE"

The author of "The Women" is once more caricaturing the people of fashionable Park Avenue in New York in her new play "Kiss the Boys Goodbye" now running on Broadway. According to report, Clara Boothe wrote the play with her long finger nails with which she claws the fashionable women of New York.

There has been a long search for an actress to play "Scarlett O'Hara" and the author of this play makes it a part of her theme. A movie producer wants a girl to play Velvet O'Toole in the play "Kiss the Boys Goodbye" and a southern girl, the heroine of the story, applies for the job. She evidently has to fight every inch of the way against a group of hard boiled men and women whom she eventually exposes. Also she gets the part of Velvet.

Miss Boothe has no more pity for members of her own sex than she has for the men. She makes them all squirm and crawl and, at the same time, they pay their good money to see the show.

Miss Boothe is in private life Mrs. Henry R. Luce, wife of the publisher of "Time," "Fortune" and "Life," so she moves among people who understand their public. She is said to have introduced a somewhat French type of play and made it popular but it must be remembered that it was Shakespeare who wrote "The Merry Wives of Windsor" and the Irishman, O'Neill, who also sometimes shocked the modern theatre-goers out of their complacency.

WATERWAYS SCHEME

It seems to us that this is one time when we can take sides with Premier Maurice Duplessis. He is opposed to the deep waterway scheme by which Canada and the United States would build canals to enable deep water ships to come up to Fort William or Chicago. It is one of those cases where the cost to Canadians would be heavy with very little advantage to be gained.

So far as British Columbia is concerned, we have absolutely nothing to gain while we shall have to pay more taxes in order to cover the cost. Until we are shown otherwise we are opposed to spending money on a big canal and power scheme.

HOCKEY TO OPEN SOON

First N. H. L. Games at Toronto and Chicago—One Less Team This Winter

TORONTO, Oct. 19: (CP)—The National Hockey League will start the season's schedule on November 3 with opening games in Toronto and Chicago, the Boston Bruins at Toronto and New York Americans at Chicago.

There will be one team less this season with the disappearance of the Montreal Maroons owing to financial difficulties. Six of the Maroon players will be with the Canadians this winter and three with Chicago Black Hawks.

Schooner Race Again Delayed

Bluenose Develops Steering Trouble So Cannot Race Today

GLOUCESTER, Massachusetts, Oct. 19.—After having been held up for several days because of lack of wind, it was hoped that the third of the international fishermen's schooner races between the Canadian Bluenose and the American Gertrude L. Thebaud might be resumed today but the Bluenose developed steering trouble, necessitating further postponement. Advantage had been taken of the time during which they were becalmed for repairs to be made on either ship. The series now stands one to one.

SPORT CHAT

Five years ago Fred Leser of Calgary inherited a hand-carved ivory chess set and he has just learned it has an estimated value of \$7,000. When Leser's mother died in Hamburg, Germany, in 1933 she left her son 180,000 marks and the ancient ivory set. All he received of this bequest was the chessmen as it is illegal to export currency from Germany.

Recently Leser learned that

DECISION ON ALASKA HIGHWAY LOOKED FOR

(Continued From Page One)

want their territory to remain the United States' "last frontier." Young People Favor

"All the young people are for it," Johnson said. "The highway will be a reality in a short time, and it will boom the Pacific northwest like nothing before."

The 2,200-mile road between Seattle and Fairbanks, Alaska, might form the northern end of a Pan-American highway system more than 14,000 miles long through North and South America as far as Buenos Aires, tying up existing section of road which cover most of the distance.

Already completed of the Alaska highway is a paved section 125 miles long from Seattle to Vancouver, and another 832 miles, mostly paved, from Vancouver to Hazelton on the Canadian National Railway northern line to Prince Rupert.

From Hazelton the generally favored route runs north to Atlin, almost parallel with the coast, then roughly westward across the Yukon Territory through White Horse and Dawson. Part of the remaining 371 miles through Alaska territory to Fairbanks has been built.

Engineers' estimates vary widely on the road-building cost. Biggest expense apparently lies in bridging lakes and rivers in the more mountainous sections of the route.

No Great Feat

But Donald Macdonald, Fairbanks engineer and member of the United States commission, says he can see no great engineering feats involved. He thinks a 32-foot gravel road will be sufficient at present, waiting for development of resources to make a paved major road worth while.

Besides Magnuson and Macdonald, the American commission has for members James W. Carey, Seattle engineer; Ernest H. Gruening, director of the division of territories and island possessions for the United States department of interior, and Thomas H. Riggs of New York, former Alaska governor.

PENSIONS AID BLIND

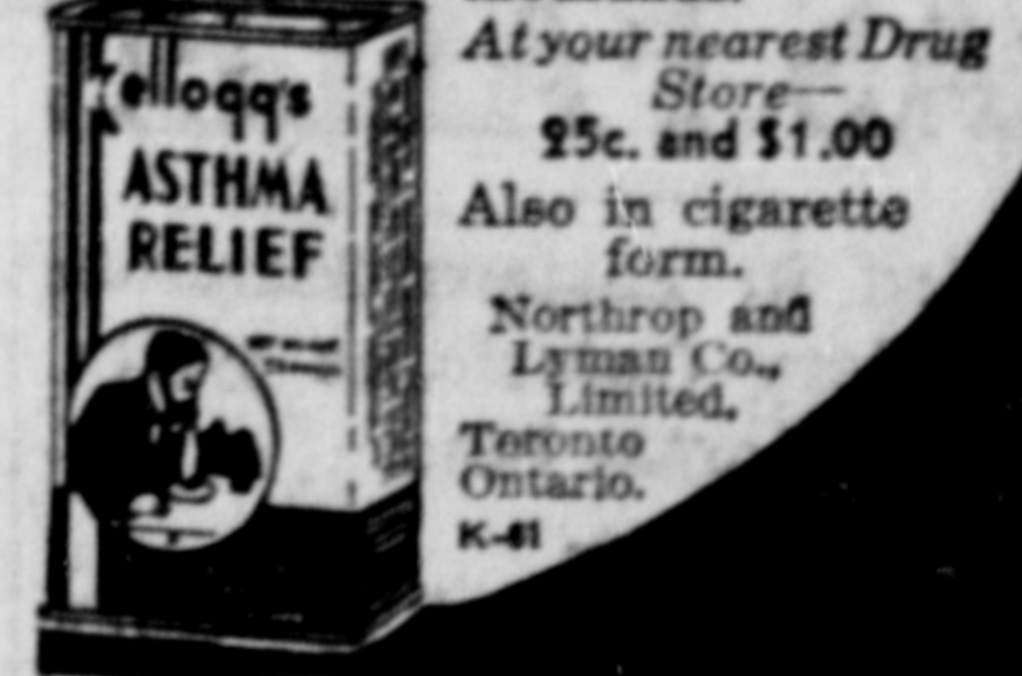

WINNIPEG, Oct. 19: (CP)—Some 3,633 persons, including 174 Manitobans, are receiving pensions provided by the Dominion government for blind persons over 40 years of age. Col. E. A. Baker, managing director of the Canadian National Institute for the Blind, said here. He toured the west to inspect branches of the institute.

On Hunting Trip To Ootsa Lake

Local Party Obtained Ducks And Geese But No Moose This Year

After a considerable holiday Mr. and Mrs. C. V. Evitt arrived home last night. They went south for the Conservative convention at Kamloops where they were the guests of Mr. and Mrs. A. E. Parlow. Following that they made a trip up the Pacific Great Eastern to Quesnel and by stage to Prince George. Making numerous calls they arrived at Smithers from where Mr. Evitt doubled back to Burns Lake to meet Hubert Ward, S. E. Parker and Jack Hinton of Prince Rupert and Fred Noel of Smithers for a hunting trip to Ootsa Lake. They hired Van Tine's launch but failed to find any moose. However, they got bags of ducks and geese and enjoyed the trip immensely.

Returning Mr. Evitt dropped off for a day or two with his brother at Smithers, he and Mrs. Evitt returning home last night Mr. Hinton making a brief stop off at Terrace until the next train. Mr. Parker and Mr. Ward arrived home on Saturday night.
