Terrace Legion Annual Picnic

Happy Outing Staged at Lakelse Lake on Sunday

TERRACE, Aug. 3.—The Terrace branch of the Canadian Legion held its annual picnic at Lakelse Lake Sunday. Weather was fine and warm and the large number of children present had a good time with sports and paddling in the lake. A. Attree, president of the branch, looked after things and Mrs. Attree presented the prizes.

Everybody sat on the ground for a substantial lunch. Andy McDonald's truck carried the kiddies and all enjoyed the outing which lasted until 7 o'clock in the evening.

FIRE IN CONTROL

Farmers in Smithers District Get Back To Their Hay Fields

SMITHERS, Aug. 3: The forest fire east of town has lost much of its aggressiveness since the weather became cooler and the conditions have changed to favor the fire fighters. It is not yet extinguished but it is held in bounds and under control and some 30 men have been laid off of the fire fighting work while another 35 still stand guard.

Heavy black clouds have covered the sky on a number of occasions but at no time have they disgorged the load of moisture with which they obviously are laden and it will take a good fall of rain to eliminate the fires that were recently menacing some farm homes near town.

Haying has been carried on under ideal conditions and is now nearing completion although many farmers were obliged to leave their farm work when called upon to fight forest fires.

The hay crop this year will average about half its normal yield owing to the exceptionally dry year that has been experienced throughout the district. Some favored districts have had showers which have helped them very materially but on the whole there has been a lack of moisture.

MYSTERY-MUSICAL

Diversified Entertainment on Mid-Week Double Bill at Capitol Theatre

"Charlie Chan at Monte Carlo," another of the series of popular detective mystery pictures featuring the noted character actor, Warner Oland, and "Love and Hisses," a wise-cracking musical with Walter Winchell and Ben Bernie, comprise an interesting mid-week double bill coming to the screen of the Capitol Theatre tonight and tomorrow.

A triple murder is the basis of the suspenseful plot of "Charlie Chan at Monte Carlo," the locale of which is the famous European gambling resort. Behind laughter and banter of thousands of pleasure-seeking internationals, there is a million dollar stake in stock manipulation which spells success for one man and ruin for another. A messenger is found slain, a bartender dies with the millions nearby murdered. Such are the circumstances which Oland has to piece together.

Simone Simon is an important member of the cast of the fast-moving "Love and Hisses." Others who lend their support to Winchell and Bernie include the fun-makers Bert Lahr and Joan Davis.

STRANGE VISITOR

The recent heat wave reached its high point on July 25th, when a maximum temperature of 93 in the shade was recorded at the local weather station. Not since August 20, 1934, has this figure been exceeded. On that day the thermometer got up to 94. Things have cooled off the past few days and there is the promise of a shower to come.
