The curd separates into clots which are soft and so soluble Australia Finds Difficulty Getting that it digests in about half the milk gives an alkaline reaction and SYDNEY, Australia, Sept. 10: (C'the various salts and phosphates)

Longer Time Asked By Chamber of Commerce and Committee to be Appointed

The Chamber of Commerce at its; meeting last night in the Knox Hotel passed a resolution requesting the President to appoint a committee to take up with the transportation companies the question of stopovers for their boats at Prince Rupert with the idea of increasing! the time given passengers to see the

The matter was discussed at some length, it being the opinion of some members that adjustments might be made in the timetable which would be of advantage to the city.

The committee was asked to point out that whereas formerly there was little to see in the city with the exception of the Cold Storage plant, today there were public and private gardens, a museum and totem poles that interested a great many people.

The question of making the city even more attractive by co-operation of all bodies, public and private I was also discussed briefly.

Appreciate Work

The Chamber of Commerce at its dinner meeting last night passed a vote of appreciation of the work of the Junior Chamber in staging the first annual port day this year. The President, F. A. McCallum, was in the chair and he emphasized the value of the effort. The resolution was moved by S. E. Parker and car-
