the meeting favoring amalgamation with the North Island Trollers Co-operative Association, and there was a delegation present from the latter organization who advised the meeting that their association also favored amalgamation but that no necessary extraordinary resolution had yet been passed. The boards of both organizations were requested to investigate the possibilities of amalgamation and

report to the next meeting. The meeting deplored the extensive illegal fishing of creeks this season and passed a resolution reiterating their stand on the closure for the fishing of salmon in District No. 2. Should the Department of Fisheries find that they cannot effectively patrol the creeks, individual fishermen would be willling to be deputized to aid as pat-

# WAKE UP YOUR

And You'll Jump Out of Bed in the Morning Rarin' to go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sunk and the world looks punk. A mere bowel movement doesn't always get the cause. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up". Harmless and gentle, they make the bile flow freely. They do the work of calomel but have no calomel or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. 25c.
