THE SPIRIT THAT WINS

The two Chinese boys who arrived home from Shanghai at the week end seem to have imbided from their compatriots in Shanghai the spirit that wins. They are confident that they will drive the invaders from their country. If the rest of the Chinese people feel the same they will win. If they weaken, they will lose. They have the disadvantage of being without a navy but they have the advantage of fighting on their own soil in a cause they believe to be just and right. They also have the sympathy of the world.

Now that they have proved that the Japanese are not invincible, that they can be beaten on occasion, the probability seems to be that the Chinese will continue to stiffen their resistance. They are evidently being supplied with arms and ammunition and airplanes so they are not badly handicaped as might seem.

THE WORLD'S POWER

Statistics gathered by the League of Nations labor office at Geneva indicate that coal provides sixty per cent of the world's power, oil coming second with sixteen and a half per cent and wood third with nearly thirteen per cent. Water power supplies six and a half per cent and natural gas between three and four per cent. United States is an oil country and Great Britain and Germany are coal countries. In Russia coal provides over seventy per cent of the energy.

In view of the trend toward the use of coal in a good many countries it is quite possible that the huge anthracite deposits in the Groundhog near here may become very valuable. The late F. G. Dawson shortly before his tragic death had a scheme for bringing the Groundhog coal to Prince Rupert and he had been promised several million dollars to develop the scheme but with his death it fell through. Some man with brains and energy and with a flare for promoting new enterprises may yet bring the scheme to fruition.

THE FLY IN THE OINTMENT

Judging from submissions to the Royal Commission and other information filtering through, it would seem as if the reluctance of the mortgage and loan companies to lend money in Prince Rupert comes from the fear that, when the present commissionership ends, there will be a reversion to the mayor and council system with more reckless spending of the city's funds. Under that system pressure is brought to bear by sections of the community and, if the pressure is sufficiently strong, the city is forced into incurring liabilities which should have been avoided. Without loans there can be very little building because very few people can finance themselves. The recent proposal to secure money under the federal housing scheme was by far the best proposal ever made in Prince Rupert. Had there been a ready local response, it is possible that the money might have been forthcoming but, evidently, the local people did not want it.

SPORTS

Portland Holds Lead In Pacific Coast Baseball

PORTLAND, May 2. — Portland held on to the lead in the Pacific Coast Baseball League by winning 7 to 2 from Oakland. Sacramento, by winning four to nothing from Seattle, went into a tie with Hollywood for second place. San Francisco won the opener of a doubleheader from San Diego 13 to 1, the Pedres turning around to take the night cap nine to four.

OFFICERS ELECTED

Peter Allen Heads Anglican Young People—Session Near Close

Last week in St. Andrew's Cathedral Hall the local branch of the Anglican Young People's Association held its final business meeting of the season which comes to a close with the annual banquet on May 13.

Election of officers for the coming year resulted as follows:

Honorary Past President, Robert Yerburgh.

President, Peter Allen.

Vice-President, H. Ponder.

Recording Secretary, Jean McLean.

Corresponding Secretary, Ruth Nelson.

Treasurer, Richard Meadows.

Entertainment Convenor, Marybelle Stiles.

Sunday School by Post Secretary, E. Rivett.

Following the business period the members were entertained with motion pictures of Eastern Canada and England shown by William Cruickshank, Maurice Irving operating the projector.

Refreshments were served under the direction of Dot Sherman.

There will be no meeting this week. Instead, the dress rehearsal for the approaching entertainment will be held.

WAKE UP LIKE A CAVE MAN

Feel Full of Life—No More Tired, Dull, Heavy Mornings

Keep your liver healthy and you'll feel great every morning. When you wake up feeling "rotten" your liver is out of order. Your liver clears the blood of poisons, separates the nourishing part of your food from the waste. Supplies energy to muscles, tissues and glands—gives out bile, the body's laxative, helps stomach, kidneys and intestines to work properly. A mere bowel movement isn't enough. "Fruit-a-tives" made from fruits and herbs, will strengthen and build up your liver like nothing else will. You'll be amazed how well you are every morning. Try Fruit-a-tives. All druggists.

First Tennis Tourney Held

Good Competition at Prince Rupert Club—New Board Courts At C. N. Appreciated

The season of the Prince Rupert Tennis Club got under way at the Acropolis Hill courts yesterday with the playing of the first tournament of the season. Competition was keen and considerable interest was manifested.

The winners of the tournament were Miss Caroline Mitchell and Otto Young who won 6 to 3 over Mrs. West and Shelford Darton in the final. In a semi-final, Miss Mitchell and Young beat Mrs. Alex Mitchell and F. Joslin. There were thirty players in all in the tournament.

As winners of the tournament, Miss Mitchell and Mr. Young were awarded the MacCallum challenge trophy, a new prize put up by F. A. MacCallum for perpetual challenge in mixed doubles. It is open to all comers and may be challenged for at any time. The presentation was made yesterday afternoon by Mr. MacCallum.

During the afternoon refreshments were served with Mrs. Geoffrey Willett, Mrs. G. P. Tinker, Mrs. O. C. Young and Mrs. Alex Mitchell in charge.

The day also saw a goodly number of players out on the Canadian National Courts, the concrete floor there having now been boarded over. According to the users of the courts, the new surface is a great improvement although it changes the ball action considerably.

The season was also officially opened on the Imperial Oil Co. courts yesterday.

Larger Crowd Is Wanted At Annual Football Meeting

Owing to small attendance, it was deemed advisable to postpone the annual meeting of the Prince Rupert Football Association which had been called for Saturday night. Another call is being made for the annual meeting on Wednesday when it is hoped that there will be a large and representative gathering of those interested in the soccer sport. If there is not a good turn-out on that occasion, it is possible that football may lapse in Prince Rupert this year.

WE OWE YOU MONEY

Payable in CASH—ON DEMAND

IF yours is one of the 4,740,000 accounts in which people have dollars on deposit in Canada's chartered banks, your bank owes you money.

That money does not belong to The People, the government, the nation, or to your neighbour. It is YOURS.

If you are a savings depositor, the bank, in addition to providing safety, pays you interest on YOUR MONEY just as a borrower pays interest to the bank, for

WHAT IS A BANK?—It is an institution organized to receive deposits and to make loans; that is the mechanical description. But it is a much more human place than that; it means much more to YOU.

Your bank is a place where you can deposit money for yourself and your family, with every assurance that you can get it back whenever you call for it—in full and with interest.

The bank's books show your deposit as a sum of money it owes to you—must pay to you when you ask for it—a liability of the bank.

Your bank is, too, a place where persons worthy of credit may borrow for business or other legitimate purposes.

The borrower must be worthy. By worthy, we mean that because of his record for honesty and integrity, his business ability, and the things he owns, he may be counted on with reasonable certainty to be willing and able to repay. We MUST know that he is a "good risk", for we MUST keep YOUR deposit and those of all other depositors SAFE, against the day you call for what WE OWE YOU.

As a depositor, you are our creditor; we have to be prepared to pay you in full. Therefore we must do our utmost to collect in full as much as we loan, plus our costs of operation.

We pay interest for deposits and charge interest on loans. You will be surprised when we tell you the range of our costs, the smallness of our margin of profit.

Bank deposits are the money of *certain people — not "The People"*. There is the substance of Canadian banking as plain as a pikestaff. You have known it for a long time; you can let others know just whose money it is they speak of, when they talk about the community's claim to bank deposits.

More than 4,700,000 people in Canada—equal to more than 42 per cent. of Canada's population—have "money in the bank"—deposits lodged with Canada's chartered banks. Of these no fewer than 4,084,000 are savings depositors receiving interest on their money.

Canada's chartered banks have paid over $397,000,000 in interest on deposits in the last ten fiscal years.

Savings of the Canadian people, deposited in the chartered banks, now total nearly $1,584,000,000 — the average savings deposit being $387.

There are about 660,000 current accounts of individuals and corporations totalling $679,000,000 in Canada's chartered banks.

It takes the equivalent of nearly three average savings accounts to make one loan of $1,000.

And it takes the net profits, over and above the costs of doing business, on scores of loans of $1,000 each for a year, to make up the loss of one single loan of $1,000.

This shows what care the banks must take in lending if the depositors' funds are to be safeguarded, for the net profits of banks are less than one-half of one per cent. on their total assets.

Without deposits a bank could not long continue in business. YOUR MONEY remains on deposit in the bank ONLY AT YOUR WILL; and if you think the bank is lending recklessly, you will draw it out.

The bank must always keep itself in a position to pay you your deposit, in full, in cash, whenever you choose to call for it.

Canada's chartered banks realize that the establishing of your home, the happiness of your family, the education of your sons and daughters, their start in life, their progress in business, your provisions for a rainy day, your peace of mind in the twilight of life, may depend largely upon this money—money you have deposited in a bank — money YOUR BANK OWES TO YOU.

THE CHARTERED BANKS OF CANADA

Your local branch bank manager will be glad to talk banking with you. He will be glad to answer your questions, from the standpoint of his own experience. The next article in this series will appear in this newspaper. Watch for it.
