EDITORIAL

TREATY WITH UNITED STATES.

It is much too early to comment on the recently signed treaty with the United States except to say that it seems like an ernest attempt to grapple with the question of international commercial relations. The whole Canadian-American treaty seems to be designed to be a corollary of the British-American trade treaty which was signed on the same day and published simultaneously with the other. Some had hoped that the one cent duty on fresh halibut would have been abolished. However, there is a re-

duction on salmon. The timber of the district interests will also benefit. Outside of its trade possibility the treaty is a friendly gesture which will, it is hoped, help to tie, even more tightly than before, two friendly neighbors and, taken with the

ited States feel that they are linked up with an Empire with great possibilities for good.

TO BRING RELIEF FROM COLDS

This Simple Way Eases Pain and Discomfort and Sore Throat Accompanying Colds with Amazing Speed

1. To ease pain and discomfort and reduce fever take 2 dissolve 3 "Aspirin" Tablets— Tablets in 1/3 glass of water. Repeat in 2 hours.

2. If throat is raw from cold, crush and dissolve 3 "Aspirin" Tablets in 1/3 glass of water . . . gargle.

Just Be Sure You Use "Aspirin" - Do it the Moment You Feel a Cold Coming on

The simple way pictured above often brings amazingly fast relief from discomfort and sore throat accompanying colds.

Try it. Then—see your doctor. He probably will tell you to continue with "Aspirin" because it acts so fast to relieve discomforts of a cold. And to reduce fever.

This simple way, backed by scien-tific authority, has largely supplanted the use of strong medicines in easing cold symptoms. Perhaps the easiest, most effective way yet discovered.
