NOTHING TO FIGHT ABOUT

While the present situation in Europe is not a pleasant one, it is nothing just now to make us jittery. Then is nothing to fight about. We do not like the way Chan cellor Hitler is acting but we can hardly go to war in orde to teach the dictator to act as a gentleman. If he is a cad, men's first, H. Wannamaker; sec- Conciliation that is his loss. We simply have to endure him as a neigh- ond, L. Tusvik; third, C. J. Harbor but we must not figure unless we have to do so. Line must be some greater complaint, than that poor Adolf is illmannered- Even the fact that he robs the deman Jew is hardly a matter for international interference. It is purely a matter of Germany's internal economy.

SALVATION ARMY FUND

We make a special request to the people here to surport the Salvation Army fund. While there are other or- son; Hugh Ferguson, Andrew Ron- Jucted between the city and mem the effort to reach a basis of agreeanizations that doubtless do good work at Christmas ald and F. R. Hunter. time, the Salvation Army is in touch with the poorest people, the most needy, those whom we all would like to help. For that reason we suggest that they are well able to handle any donation the people of the city may like to make. Also it is very desirable that donations be sent in so that the officials may know how to lay their plans for Christmas Cheer.

ROTARY VISITORS

The announcement that several shiploads of delegates' to the district conference of Rotary will be here in May will prove welcome news to many. These people come from British Columbia, the states of Washington, Oregon and part of two other states. They are mostly men of standing in their respective communities. They are making the round trip on chartered steamers to Juneau. Ketchikan and Prince Rupert and an effort is now being made to have them spend a day in the city.

CORRECTING AN ANOMALY

Under the law as it has been in force for several years, if a man stops and picks up a friend in his car and an accident happens, the man who was hospitable and friendly is punished and can be sued by the guest and damages collected. At the last session of the Legislature this was changed and no longer is it dangerous to befriend a person by giving him a lift. Only if it can be shown that the driver exercised gross carelessness can he be sued.

MAYOR OF VANCOUVER

We congratulate Dr. Lyle Telford on being elected to the position of Mayor of Vancouver, the most important civic position in the province. It is a particularly important position in view of the visit of the King and Queen to that city next year. We feel sure the genial doctor will carry out his duties in this connection with dignity.

It is not trying to take away from the victor any of the glory that comes from so important a win to suggest that, had there been only ex-Mayor Miller in the field, the result might have been quite different, especially in view of the fact that Miller's supporters were elected to the council.

During the afternoon the presentation took place of the Music Club Cup, which each year is awarded to the student ranking high-Music examinations, Miss Frances Moore, last year's winner, presented the cup with congratulations to little Miss Dorothy Kergin who won it this year.
