ss Normanton, Exchange Teacher, Gives Interesting Address At Parent-Teacher Gathering

SCHOOLS

The regular monthly meeting of the Prince Rupert Parent-Teachers' Association was held last evening the Booth Memorial School with Wis. R. M. Winslow presiding.

Letters were read from City Commissioner W. J. Alder and the printhe association in the interests; he annual tea which this year will ia, it is announced. e held in conjunction with the display of the home economics and manual arts departments.

Miss Normanton, principal of Brighouse School, Yorkshire, and present exchange teacher in rince Rupert, in the course of an address, gave very interesting inormation regarding the present system of public education in Engand. Beginning school at the age the five, the child enters the infant REOUEST chool, a school peculiar to the REOUEST nglish system. The classroom, rovided with light tables and hairs instead of fixed desks, is rranged to allaw the maximum of he development of wholesome peronal habits and harmonious physcal development are emphasized with the object of securing the

econdary or High Schools. In factory districts and congested reas nursery schools are estabshed where children are admitted t two years of age and remain un-Il five.
