### SET PRICE FOR FISH

If it is right to bonus wheat to the extent of millions, bia here, will sail on the Catala toof dollars by the government setting a fixed price it should morrow evening for a business trip also be right for the fishermen to get a fixed price for to stewart. their fish such as is being asked by the Nova Scotia fishermen. The fishermen need the money just as much as do the farmers. If one has a right to it, so has the other.

As a matter of practical politics we no not think it i possible for a country to continue paying bonuses to all its! industries. The bonus to farmers is all wrong. However, we think the fishermen should press for a bonus, if bonuses are to be given. We also think newspapers should have a bonus for producing a newspaper is an expensive business and the profits are much too small for the amount of energy put into it. Doubtless, the lumbermen; and miners and the retailers will ask for the same help if! it is to become a settled policy of the country to pay bon-; uses.
