

### New Orchestra Makes Debut At Kitkatla Dance

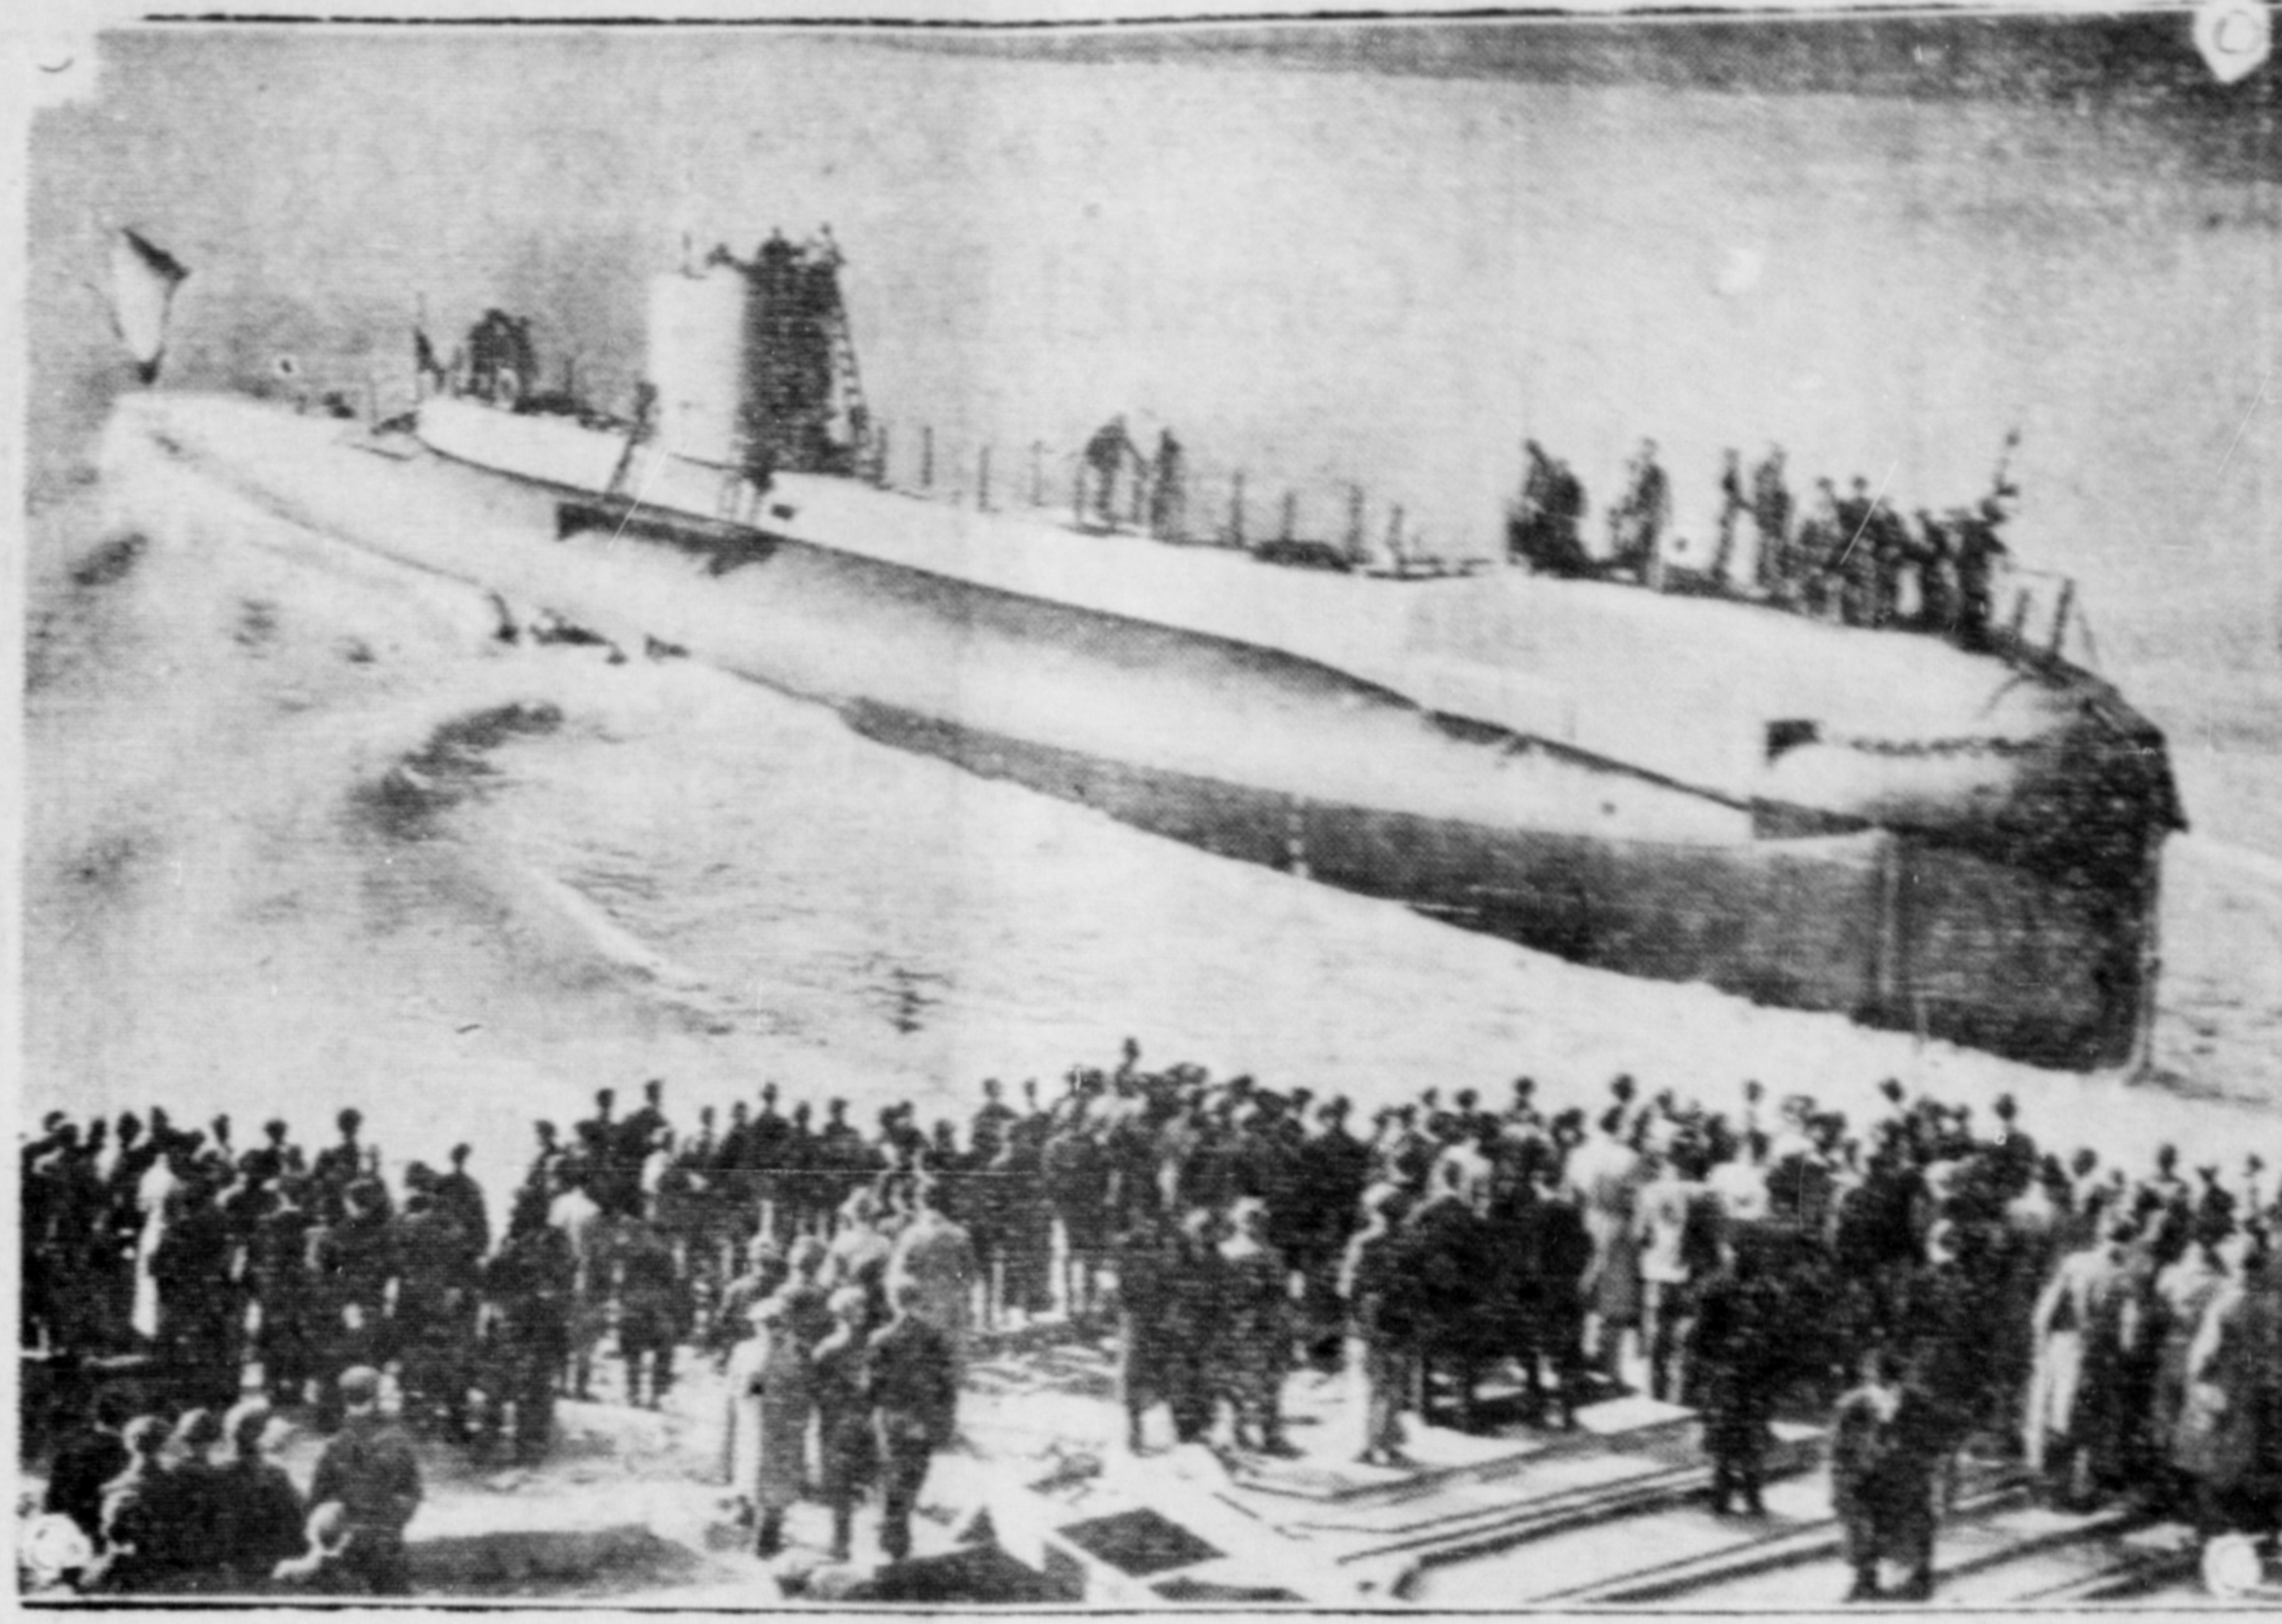

KITKATLA, April 19: Last Monday night in the Kitkatla village hall an enjoyable dance was staged by the social department of the Excelsior Club, latest music by the newly formed Dolphinians' jazz orchestra being featured. Percy Temple was master of ceremonies. During the serving of refreshments, the orchestra was formally introduced.

### Quietly Wedded Here Last Night

Mrs. Beatrice Maude More of Vancouver Becomes Bride of George Amos Hull

At the parsonage of First United Church, Rev. J. C. Jackson officiating, the marriage took place quietly at 9 o'clock last evening of Mrs. Beatrice Maude More of Vancouver and George Amos Hull of this city. Witnesses of the ceremony were Mrs. J. C. Jackson and Robert Irvine. Mr. and Mrs. Hull will reside in Prince Rupert, the groom being engaged as a salesman here.

### BRITAIN LAUNCHES ANOTHER LINK IN ARMAMENT CHAIN

The new submarine, Unity, is shown in the water at Barrow, England, after its launching in the Vickers-Armstrong yards. Two other undersea ships of the same type were launched at the same time to bolster Britain's already mighty navy in her far-flung armament program.

MR. JUSTICE KRUSCHEN IN THE HYGIENE COURT OF JUSTICE

### Mystery of Bank Clerk's Failure

JUDGE: Were you a failure at school?  
PRISONER: No, my lord. I was a good student and captain of the football team.  
JUDGE: Ah! I think I can solve this mystery. Tell me, prisoner—how many games of football do you get every week now?  
PRISONER: Why, I can only play once a week—on Saturdays—at the most.  
JUDGE: Thank you. That will do. This case is as clear as daylight.  
PRISONER (excitedly): Oh, sir, I'm sure I'd be fit if I could exercise more often. I'm not getting half enough fresh air or exercise nowadays.  
JUDGE: Fresh air? What's the good of talking about fresh air when you work in the city? What you want, young man, is something to make up for this inevitable lack of exercise. Something to keep your system from becoming sluggish. Something to keep you clean and fresh and regular internally, just as you were at school when you were playing games every day. And that something is Kruschen Salts.  
PRISONER: I sometimes take Epsom Salts, my lord. Wouldn't that have the same effect?  
JUDGE: Epsom alone is not good enough. Nature designed your system to need several different salts and in Kruschen all those salts are found. Each little daily dose of Kruschen contains exactly one day's supply, exactly the right amount to keep all your organs—liver, kidneys, stomach and everything—tuned up to perfect fitness. Kruschen is more than ever necessary at this time of the year, because it is a valuable tonic.  
PRISONER: Thank you for explaining that so clearly, my lord. I am really glad to know how to keep fit.  
JUDGE: That's right! Now go back to your work, and we'll soon see you the smartest, keenest man in your office. But remember that regularity is the thing. It's the little daily dose that does it.

### KRUSCHEN SALTS

relieve constipation and rheumatism

Kruschen is a combination of several mineral salts which your body must get, in some way, to keep the blood pure, the inside clean, and the system generally toned up, but which you can't get in Nature's own way without abundant exercise and fresh air. You should have those salts every day; hence the importance of the "little daily dose". Every drug counter sells Kruschen in 25c, 45c and 75c bottles. It's the little daily dose that does it.

### Mrs. Paulis Is Bride At Quiet Ceremony Here

The marriage took place quietly at 7 o'clock last evening in the parsonage of St. Paul's Lutheran Church, 504 McBride Street, Rev. L. C. Jensen officiating, of Mrs. Svea Evelyn Paulis and Gunnar Anderson. Witnesses of the ceremony were Miss Viola McFarlane and N. Ritchie. Mr. and Mrs. Anderson will reside in the city, the groom being a local fisherman. Both bride and groom are well known and will have the felicitations of numerous friends.

### Unusual Northern Lights Display Is Seen At Smithers

SMITHEPS, April 19:—The people of this district were treated to a phenomenal display of Northern Lights Thursday evening when the sky was tinged a wine red all over and shafts of bright red and yellow were shooting up from the horizon in many directions. It was the first time that a great many had witnessed red northern lights and it looked like there were several fires around the country. Radio was eliminated entirely during the display.

### Twenty-Five Years Ago

The Vancouver News-Advertiser is getting out a special edition six pages of which will be devoted to Prince Rupert. The Prince Rupert Board of Trade is to take space. The necessity of obtaining more publicity for the city was discussed at a meeting of the board last night. M. M. Stephens, F. H. Mobley, D. H. Hays, Lee Baker, W. E. Williams, A. J. Morris and Mayor T. D. Pattullo were among those who spoke on the advantages of increased publicity.

### WHIFFLETS

From the Waterfront

Stormy weather of the past week or so on the fishing grounds was reflected in the light catches landed by Prince Rupert halibut vessels yesterday. Some of the larger boats were not so much affected but the smaller boats, in some cases, were hardly able to do any fishing at all.

Union steamer Catala, Capt. James Findlay, returned to port at 9:15 this morning from Stewart, Anyox and other northern points and sailed at 1:30 p.m. for Vancouver and waypoints. The Catala is due at Butedale at 9:30 tonight.

Armour Salvage Co.'s service boat Pachena returned to port early this morning from Ketchikan, having made a trip there with Capt. Paul Armour and W. O. Fulton.

Owing to extremely rough weather over the week-end, the provincial police cruiser P.M.L.S. was unable to reach the point in Hudson Bay Passage, Dundas Island, where wreckage of the trolling boat of J. M. Jackson, elderly crab fisherman of Victory Cove, Warke Canal, is reported to have been found. It is now pretty well conceded, however, that Jackson, missing since last October, must have perished.

Aboard the steamer Princess Norah, which was in port yesterday afternoon southbound from Skagway to Vancouver on her final voyage of the season before going on the West Coast of Vancouver Island run, were forty-two passengers. Two persons disembarked from the vessel here while one boarded her at this port for the south.

Seattle had its heaviest day of halibut landings so far this season yesterday when a total of 480,000 pounds of fish arrived at the Puget Sound port. The list included several of the large western schooners. The average price was 7c per pound.

### Timely Recipes

**CHUCK STEAK WITH ONIONS**  
Place five or six medium onions in a shallow saucepan, cover and cook over a slow fire for 15 or 20 minutes until tender. Use no water or fat as the onions contain sufficient moisture. Heat a frying pan smoking hot and brown about 1/2 pounds of chuck steak quickly on both sides. Reduce heat and turn the meat frequently until it is cooked through. Season both steak and onions and serve the meat on a platter surrounded by the onions. Add butter if desired.

### MOBILE EASTER DEBATE

Fixing of Date For Christian Feast Vexed Ancient Church

Easter was late this year but it might be eight days later and on various occasions in the present generation has gone the limit in lingering in the lap of spring. This moveable feast has a wide spread for its wanderings—anything from March 22 to April 25.

Nowadays, the annual festival observed throughout Christendom to commemorate the resurrection of Jesus Christ is marked on the Gregorian calendar for the first Sunday after the full moon following the vernal equinox—when the sun crosses the equator on its way north in the spring.

Unlike some Christian festivals there is no taint of paganism in Easter's origin but the controversy over the date of celebration is as old as Christianity itself. For many centuries the so-called eastern churches argued with the western on this question. The council of Nicaea in A.D. 325 tried to settle it but the vagaries of the sun and moon thwarted the well-intentioned efforts of the ecclesiastics by appearing at varied times in different longitudes.

Corrections to the Gregorian calendar in 1582 smoothed matters to some extent but it was not until 1752 that Great Britain and Ireland and British possessions got into step with other nations for Easter. Some of the eastern churches still ignore the Gregorian calendar in this respect and their Easter may fall either before or after the date kept by the majority of Christian countries.
