EMPIRE DAY

This is Empire Day in the schools of Canada. It was inaugurated by the Dominion Teachers' Association at their annual convention at Halifax in 1898 and has been celebrated each year since that time.

In other parts of the British Empire the celebration takes place on May 24. Fifty million school children will this year take part in the celebration.

Though many of us may often be critical of the actions of Empire statesmen or of the policies carried out in India, Australia, or some other section of the Empire, we are all proud of being members of that wonderful organization, the like of which was never seen before in any part of the world or at any period.

ELECTION IN DEWDNEY

The policies of Premier Pattullo have been endorsed by a constituency that at the past election gave a majority to a Conservative. Doubtless, the plans of the government for building the highway to Alaska entered a good deal into the election and influenced the result. It seems evident that the people generally favor the work being done somewhat on the terms outlined by the Premier in his recent address at Mission.

ENCOURAGING MINING

The Department of Mines is making an offer to young men to get a course of training in practical mining while at the same time being paid enough to clothe them and give them something over at the end of the term. The young men will get a dollar a day over and above their board. They will be expected to learn camp cooking in addition to practical mining. At the end of six weeks, those who pass satisfactory examinations will be eligible to apply for a post graduate course in field training for three months. At the conclusion of the period an effort will be made by the department to place the graduates in the mining industry where they will get still more experience.

This seems like a good opportunity for young men between the ages of 18 and 25 to get a grounding in mining work which would help to fit them for either prospecting or practical mining work.

NOT ALWAYS RIGHT

The difficulties of statesmen are added to greatly by the fact that many of the improvements asked by local communities are of no real value and, if granted, would be of no practical value to the country. Local communities ask for roads which lead nowhere and cost a lot of money. They ask for buildings or other improvements which are not needed. Pressure is often brought to bear so that work is done which proves to be a poor investment for the country as a whole.

HIGH WINS FAVORITE FOOTBALL IS WINNER

Defeated Booth School 6 to 3 in Junior Football

In the regularly scheduled Junior Football Association game of Saturday last King Edward High School (first year) won from Booth Memorial School by six goals to three.

Booth got off to a bad start when McKeown turned a centre past his own goalie and later miskicked to let Smith through for a second. Further goals were added by Bill and Keays before Booth, which did its full share of attacking, scored through Simundsen. Gomez made a mess of a penalty shot and generally was very weak at centre forward.

The second half proved a much better game. Gomez played well at full back and the whole team put more vigor into its play. Simundsen added a second and Leland a third to make the score four to three in favor of High School. Mah was frequently called on and saved two dangerous shots. Wilson forced a goal for High and Cameron added a sixth to finish the scoring. Simundsen missed a penalty when he shot at Mah.

High School—A. Mah; Nelson, McCrimmon; J. McLean, Cameron, O. Keays; Schubert, Bill, A. Smith, Postulo, L. Keays, J. Wilson, Pierce. Booth Memorial School—Zbura; McKeown, Sunberg; Leland, Strand, Hodgson; Ciccone, Baker, Gomez, Simundsen, Pierce, Wood.

Pete Doherty refereed well and before the game called the teams together and gave them some very sound advice.

For High School Mah Nelson, McCrimmon and Cameron were sound. The forwards were fast and kept the ball moving well.

Booth backs were very weak in the first half. Zbura was safe. Strand played his usual strong game although he was inclined to wander. Leland was good. Simundsen put up a splendid game and Baker was a big improvement on his last game. Pierce tried hard. Wednesday brings Borden and Booth together.

The league standing:

	W	D	L	F	A	Pts
High	2	1	0	15	8	5
Borden	1	1	1	7	10	3
Booth	0	0	2	4	8	0

GIANTS IN WIN AGAIN

Shook Losing Streak by Downing Pittsburg Pirates Yesterday In Heavy Hitting Affair

NEW YORK, May 23: (CP)—New York Giants shook their losing streak at the Polo Grounds by smothering the Pittsburg Pirates with a hitting spree yesterday and held their margin of leadership in the National League at three-and-a-half games over the Chicago Cubs who dropped a close decision to the Boston Bees at Boston. The Cincinnati Reds, whose winning streak is now reaching substantial proportions, went across the river to Brooklyn to down the Dodgers and move into first division in place of the Pittsburg Pirates.

In the American League the Cleveland Indians took a series opener from the New York Yankees by a handy margin and now have a full two-game margin in the vanguard of the pennant race over the Yanks whose lead over the third place Boston Red Sox is merely mathematical. The Detroit Tigers won a tight game from the Red Sox and continued leadership of the second division from which the Chicago White Sox dropped by losing to New York Saturday.
