### LACK OF BALANCE

Advertising and Circulation Telephone ...... 98

Member of Audit Bureau of Circulations

Rev. Dr. Hugh Dobson, addressing the Prince Rupert covery and has acked all Catholics ance, the strength of the nation Rotary Club last week, urged the cultivation of "balance" or "equity" in all our dealings both public and private. physician, Dr. Aminta Milani, says, largely upon the character of the The idea was that it did not pay to go to extremes.

Not long after he spoke we came across a reference iness was unafraid of death and ness. Business, the speaker said to Harry Oakes, the discoverer of Kirkland Lake gold-said repeatedly he had resigned could not be stabilized unless the fields, who made millions out of gold and left with his fam- himself to God, he declared also human factor was considered on a ily for the Bahama Islands where he is now living in the that he was determined to live and basis of equity. The unities were same colony with Sir Herbert Holt, Sir Frederick Williams-Taylor, Mrs. Sidney Small and others who have been | dangered the Pope - principally, Unity with Britain was important forced out of Canada by the income tax collector and the hardening of the arteries, weakness All unities were to be cultivated succession duties prospect.

Theoretically it would seem as if it would be quite legs for many weeks. To meet speech were based on security right to take the largest part of their incomes from the these threats, Dr. Milani ordered To have a contented people there extremely rich. But here is the case of a man who under- rest. For the hardening of the ar- must be a healthy people. Health went hardships to find a gold mine. He found it and teries, he admitted there was no employment and housing were struck it rich and in doing so benefitted Canada and par- cure. But he sought to curb its problems to be dealt with Britain ticularly the province of Ontario. The governments of with an uncertain heart condition, neople since the war. Low cost Canada and Ontario would have taken all his wealth away still afflicts the Pope and his full housing was very important under from him but he decided it would be better to leave the work program often makes Dr. Micountry than give up everything to the tax collector so lani look askance. he left and Canada loses another good citizen who might have used his enormous energy and wealth in developing somewhat different from the pro- if there was to be a strong Cathe country. He now pays no income tax and his heirs gram he followed before his illness. will pay no sucession duty. In addition he has a wonder- At least half of his time will be ful climate and fertile soil at his new home.

Had the combined governments, Dominion and provincial, been satisfied with fifty per cent of Oakes' and and has decided to do the same this at the week-end, colsing at \$35.07 Holt's and Williams-Taylor's incomes and inheritances year-from May 1 to October 31. they might have continued to collect it. But they wanted it practically all, so they get none. There was a lack of Vatican City will be more restricted balance and equity. The man was surely entitled to the use of at least a part of his money.

### ANOTHER APPLICATION

Another application of this equity business is seen in the man who is born into the world under unfavorable conditions, handicapped from childhood until death. He breakfast while his two secretaries is entitled to consideration. Every thing is loaded against read him dispatches, receives va- Groceries - Vegetables - Fruits him, he has little chance to rise above his surroundings. tican officials, then noted visitors What right have we to impose such a condition on any man persons in public audience on Wedor to allow any person to impose such a condition on nesdays and Saturdays. him? What right have we to imprison him when he goes astray if we took no step to keep him out of jail? have much to learn about equity and its application to way. About 2 o'clock or later he life. It is no more right to keep a child in sordid surroundings and then punish him for being vicious than we have the gardens. Late in the afternoon to take away from Harry Oakes all the gold he discovered he dictates correspondence or works in the wilds of Ontario. There is a lack of balance in each on papal documents. He eats sparcase and one is as worthy of consideration as the other.

## Biologists Won Men In Bowling

In a deferred Commercial Bow! ing League fixture played yesterday, Biological Station won two games to one over Electrical Workers. As a result the Biological Stascorer was Jock Little of the Electrical Workers with 153.

The scores were as follows: |Biological Station

Audiences Restricted

The Pope's life, though busy, is spent at Castelgandolfo, his summer retreat 17 miles from Rome. He passed six months there last year London bar gold price was up 3c

Audiences both there and in the than before. The Pope will receive in general audience only two days Phones 18 and 84 a week instead of daily and will ascend St. Peter's throne and talk to the throngs instead of passing from person to person so that they may kiss his Fisherman's Ring.

On other days, he receives a large We group of religious pilgrims anyhas lunch, then rests a while or takes a drive or even a brief walk in ingly again about 10 p.m., then reads himself to sleep.

### PROBLEM OF CITIES

portant to Hold On To The Unities

566 ing feature of industrialization Taxi with 184. 624 Cities were built around warehouses, factories and railway depots. This trend toward urbanism had not ceased. London was an outstanding example of this and, if the present rate of development continued, that city would soon have half the population of Great Britain instead of one-fifth. There was today no problem so serious as this urbanization. It produced effects which were the cause of Pope Pius VI today is a stooped wars. Every big city had to have man, 80 years old, with face darkly a rural area catering to it and so ashen, steps slow and gestures palevery industrial country had to have a less developed country to There is still fire in his eyes and his provide raw material and buy the
