WAKE UP YOUR LIVER BILE—

And You'll Jump Out of Bed in the Morning Rarin' to go

The liver should pour out two pounds of bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, weak and the world looks punk.

Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. 25c.

Sentenced to death in 1937 for biting a man, his master appealed—first dog owner allowed to do so—and it was decided the dog should live if kept under proper control. Special mention was made of the first year garden entered by E. N. Moffatt.

WHIFFLETS From The Waterfront

Dry Weather Kills Massett Inlet Pink Run—Week-end Shipping Many Boats in Port.

With continued hot and dry weather, salmon streams on the Queen Charlotte Islands are said to be at a lower level than has been known in years. J. S. Hewison, fisheries guardian at Yakoun River, which flows into Massett Inlet, says he has never seen the river so low. Owing no doubt to the low water, the pink salmon are hardly showing up in Massett at all this year so far although Capt. Ed. Crawford of Port Clements and others report the salmon showing up in big schools outside the inlet. Capt. Andrew Brown of Old Massett says the salmon will not move into Massett Inlet until it rains and the streams become fuller.

Union steamer Catala, Capt. James Findlay, with a good-sized list of passenger including quite a number of round-trippers, arrived in port at 8 o'clock last evening from the south and sailed at 11 p.m. for Anyox. Stewart and other northern points whence she will return here tomorrow southbound.

Halibut landings at the port of Seattle during last week totalled 650,000 pounds which total was slightly less than the week preceding. On Saturday one western boat, the Portlock, sold 35,000 pounds at Seattle to the San Juan Fishing & Packing Co. at 9½¢ and 9c. Three local boats sold 2200 pounds of halibut taken incidentally to cod and sable fishing in Area No. 2. These local boats were: Pierce, 400 pounds halibut, 12c; 15,000 sable, 4c; 300 cod 4½¢. Sebastian: Lebanon, 1,000 halibut 16½¢; 14,000 sable, 4½¢; 2,000 cod 4½¢. Washington: Curlew, 800 halibut, 15c; 12,000 sable, 4½¢; 400 cod, 4c. Whiz.

Seattle halibut vessels which turned recently to albacore fishing off the Oregon and Washington coasts have been having further trials and tribulations. Capt. Howard Giske arrived at Seattle Saturday with 18,000 pounds in the Kingfisher but, not satisfied with the price offer, decided to freeze the catch independently. The National had difficulty in marketing on account of his crew not being covered by union regulations.

Dr. A. L. Pritchard of the National Biological Station, who is spending some time in this district on salmon investigation work called on the Prince Charles Saturday night for Massett Inlet where he will spend the next ten days. Returning here, he will again visit the spawning grounds at Babine Lake and other interior points.

Having made up some of the time which she lost going north owing to the foggy weather near Ocean Falls, C. N. R. steamer Prince George, Capt. Edward Mabbs, arrived in port at 9:45 Saturday evening southbound from Anyox and Stewart and sailed an hour or so later for Ocean Falls, Powell River and Vancouver. The

Prince George will be back here on Wednesday morning instituting the company's weekly fall and winter schedule of sailings between here and Vancouver.

C. P. R. steamer Princess Louise, Capt. S. K. Gray, in port Saturday afternoon southbound from Skagway to Vancouver, had on board 242 passengers in all including 153 tourists and 86 local Alaska passengers, among them a number of Filipino cannery workers, bound for Seattle. Four persons disembarked from the Princess Louise here while two boarded the vessel here for the south.

C. N. R. steamer Prince Rupert, Capt. James Watt, completing her final voyage of the season on the Alaska route, arrived in port at 8:15 this morning from Skagway and sails at 3 p.m. for Ocean Falls, Powell River and Vancouver. The vessel will return here Friday morning from the south and, after running a special excursion from here to Ketchikan at the weekend, will be tied up at the local dry dock for the winter. The vessel, on arrival this morning, went into the dry dock for a short time to have lifeboats davits straightened out following a brush with the steamer Prince Robert at Skagway dock. There were 205 passengers aboard the Prince Rupert including six who disembarked here.

On her final voyage of the season, in the Alaska tourist service, C. P. R. steamer Princess Charlotte, Capt. William Palmer, arrived in port at 9 o'clock this morning from Vancouver and sailed a couple of hours later for Skagway and other Alaska points.

The Canadian Airways seaplane piloted by C. G. Ballentine, now based at Swanson Bay in fisheries patrol service, was in again Saturday evening bringing James S. The Showboat, which has been in port for the past week, will sail this afternoon for Port Simpson, Anyox, Stewart and Alice Arm where its company will give performances. Yesterday from 2:30 to 3:30 in the afternoon the company of the Showboat rendered musical entertainment to the patients of the Prince Rupert General Hospital. The hour which was sponsored by the Canadian Legion was greatly appreciated by the patients and staff. Frank Merryfield, with the Showboat company, is the proud possessor of a fine Totem Pole presented to him by Mrs. Rittenhouse of Alert Bay. This pole is to be placed in the Queen Aland Salarium Crippled Children's hospital at Mill Bay, Victoria, in honor of an Alert Bay Indian boy, Charlie Moon, who was successfully treated there.
