## MORE THAN MERE NOISE

Tuesday, March 1, 1938.

DAILY EDITION

Last week an address was delivered to the Kimanis centre commencing wednesday. Club of Vancouver by a clergyman who is reported to the Wednesday fencing class will have spoken of Premier Mussolini as "the loudest mouthed be from 7:00 p.m. until 8:00 p.m.

Many of us do not like the methods adopted by Il Duce p.m. on. and we do not in particular like the manner in which he treats British interests in Palestine and other countries. Yet, in spite of this, we cannot sweep away Italy's ruler by calling him a loud-mouthed peasant. The phrase indicated that Italy's dictator is nothing but noise which is wholly wrong. Rulers are not made of such stuff. No matter what we may think of Mussolini's policies, we are bound to admit that he is a man of ability. In addition to being an able administrator, he is an excellent public speaker and, as such, has caught the imagination of the Italian people. We shall know later whether he has been building permanently on a secure foundation.

### A CANADIAN FLAG

Evidently, we are about to have a Canadian flag. For nearly twenty years we have advocated that Parliament should designate a national flag for this country. As a matter of course such a flag would have the Union Jack as its basic feature but, otherwise, it would be quite different from any other flag at present in use. We hope that, when it is chosen, it will be a very simple design that everyone can understand.

Both Prime Minister King and former Prime Minister Bennett found the need of such a flag when they were at the Coronation and we are glad to know they are in agreement on the proposal now.

## COMMENDABLE RESTRAINT

Captain Anthony Eden seems to have shown commendable restraint when he refused to be a party to continued agitation against the government of which he was until recently a member. The intimation implied is that he is still a supporter of the present British government on its general policy although not on its present foreign policy to which he is strongly opposed. He will not, however, do anything to hamper the work which has started.

The difficulty with a great many people is that they over-estimate their own importance and, placed in a position such as that of the late foreign secretary, they are apt to try to start a new group or support an opposition group with which they have little sympathy.

British Columbia, Alberta and Manitoba Going Strong in Curling Championships

Provincial Athletic Meet

The Prince Rupert Physical Education Recreation Centre is now on the way to fulfillment of its objective of sending a gymnastic team to represent Prince Rupert at the annual Mass Demonstration and Gymnastic Competition to be held in Vancouver at the end of March.

Last year some 600 young athletes took part in the mass display appearing before an audience of over 3000 people. Forty teams of six persons each competed for team and individual honors in the gymnastic competition, representing such cities as Victoria, Nanaimo, Duncan, Ladysmith, Esqui malt, Chemainus and on the mainland such places as New Westminster, Mission, Abbotsford, Chilliwack, Ladner and surrounding districts.

Each year the event is one of greater magnitude than the year previous and as many of the outlying districts as possible are added to the list of competitors. This year, the fourth since its inception, promises to be the largest youth rally of its kind in the his 128 tory of Canada.
