Get Wise to Constipation!

When you're constipated, it's a great temptation to be satisfied with quick relief. But physics may become a habit. And they don't keep constipation from re-turning. It's so much better to get at the cause of the trouble.

If you eat what most people do, chances are the only thing the matter is you don't get enough "bulk." And "bulk" doesn't mean how much you eat. It means a kind of food that isn't consumed in the body, but leaves a soft "bulky" mass in the intestines and helps a bowel movement.

What to do? Eat a little Kellogg's All-Bran for breakfast every day and drink plenty of water. This crunchy toasted cereal is not only rich in "bulk"it also contains the natural intestinal tonic, vitamin B1. All-Bran is made by Kellogg in London, Ontario. Sold by every grocer.

Another of the popular detective series entitled "Charlie Chan on Broadway" and a thrilling adventure story of modern Spain "Love Under Fire" comprise the mid-week double bill picture program at the Capital Theatre.

Called into action on New York's Great White Way, Charlie Chan, played as usual by Warner Oland, invades the night clubs to seek a killer whose double murder casts a shadow of terror over Manhattan's gayest spots in "Charlie Chan on Broadway." It is a baffling story with a multitude of conflicting clues beclouding the entire case.
