TRADE TREATY SOON

It is expected that the trade treaty between Great Britain and the United States will be announced soon. Negotiations have been going on for a considerable time and it is said that the representatives of the two countries have come to an agreement which will insure the treaty becoming law.

This treaty is of particular interest to Canada because it must be followed by changes in the Empire pacts and it is likely it will be also followed by a new trade treaty between Canada and United States devised to synchronize with the United Kingdom treaty.

In these treaties there has to be a certain amount of give and take. Canada will lose as well as gain.

PROPOSED ROYAL VISIT

The King of Great Britain is also the King of Canada but up to the present no British sovereign has yet visited Canada as such. Such a visit is suggested in the near future and the Victoria Times, commenting on it, says:

"There have been several suggestions recently that the King and Queen might be persuaded to visit Canada and the United States next year. It will be remembered that Prime Minister Mackenzie King said when he first heard of the report that His Majesty needed no invitation to visit the Dominion—that Canada always stood ready to welcome its sovereign.

The latest reference to such a trip appeared yesterday in the London Letter of the Liverpool Post—the important daily controlled by the family of Rt. Hon Anthony Eden—which said the King and Queen will 'almost certainly' pay this continent a visit during 1939. The 'column' also said that Lord Tweedsmuir, now in Britain on holiday from Rideau Hall, mentioned unofficially the suggested tour; and that Lord Stanley, Secretary of State for the Dominions, who sailed for this country yesterday, might discuss tentative arrangements with Mr. Mackenzie King while in Ottawa.

"It would be a pleasant arrangement if Their Majesties would sail for this country in the new Mauretania, visit Eastern Canada, the New York World's Fair, Washington and, perhaps, San Francisco's International Exhibition, then northwards through Victoria and eastward across Canada home. What a welcome they would get everywhere they went—and what a stimulant to an already well-established friendship between the British Empire and the United States!"

CORRIGAN'S LITTLE IRISH JOKE

Only an Irishman could have got away with the little joke perpetrated by Douglas Corrigan when he landed in the Old Country after flying in an old air flivver without a permit across the Atlantic Ocean. He declared he flew by the wrong end of the compass needle and went in the opposite direction from what he intended. Partly as a result of the feat and partly because of the joke Corrigan is today the hero of all Irishmen which insures him a tumultuous reception everywhere he goes. Before he reached America on his return from the flight his cancelled license had been restored to him.

Cincinnati Menacing Second Place Position of New York Giants—Pittsburg Improves Lead

CHICAGO, August 23 (Canadian Press)—A 4 to 2 victory over the Chicago Cubs yesterday increased the margin of leadership of the Pittsburg Pirates in the National League by half a game to five-and-a-half games over the idle New York Giants. The Cincinnati Reds, with whom the Cubs had been tied for the position, assumed exclusive possession of third place in the standing by scoring an easy 11 to 4 victory over St. Louis Cardinals. The Reds are but one-and-a-half games below the New York Giants.

In the only American League game yesterday, the Cleveland Indians lost 4 to 2 to the Chicago White Sox and are now but one game ahead of the third place Boston Red Sox. The New York Yankees whose scheduled game for yesterday with the Athletics at Philadelphia was played instead on Sunday as part of a double-header now have an eleven-and-a-half game margin of supremacy. Yesterday's Big League scores: National League Pittsburg 4; Chicago 2. Cincinnati 11; St. Louis 4. American League Chicago 4; Cleveland 2. Only games scheduled.

PLANS ARE PERFECTED

Arrangements For Port Day Rounded Out at Final Meeting Of General Committee Last Night

With public interest in the event now crystallizing and a substantial entry list for the various events steadily developing, arrangements for Prince Rupert's first annual Port Day celebration under auspices of the Junior Chamber of Commerce are now being whipped into perfection. The final meeting of the general committee was held last night under the chairmanship of A. W. Newman and the various sub-committees reported their plans well in hand. Final details of organization are rapidly nearing completion.

The meeting was principally devoted to a discussion of details in connection with the staging of the events. J. C. Gilker reported on behalf of the program committee. Desire was expressed that there should be a minimum of delay by prospective contestants for the various events in getting their entries in. George Rorie, chairman of the dance and queen crowning committee, reported that the popularity contest, on which the selection of the queen will be based, was going strong with 730 tickets already sold. Owing to the prospects of such a large attendance, it had been decided to move the venue of the dance and queen crowning from the Moose Hall to the Exhibition Building.

In view of the Prince Rupert Boys' Band being unable to muster up strength at this time, it was decided to bring in the Greenville Concert Band, one of the leading native bands of the district, for the day.

The steel span is 250 feet in length and its installation is expected to take from three to four weeks. The putting in of the new bridge across the Kayex is one of the most important improvements which has been made on the local railway line in years.
