HAVE A SMILE WITH DICK M'BRIDE.

How niggardly and scurvily the people of Queen Charlotte Islands have been treated by the Government of Richard McBride in the matter of roads has been often pointed out. The Daily News has more than once published the indignant protests of the settlers and given facts and figures-the paltry appropriations for this purpose in contrast with the large revenue contributed—thus proving the grave injustice which the settlers are forced to suffer at the hands of the Government. Yet Premier McBride declared last week that his government had every reason to be proud of its land policy. He said this:

"In the promotion of land settlement not only do we try to provide facilities of communication in the way of railways and trunk roads, but we endeavor at the same time when the settler comes in to provide markets for his products and facilities for the education of his children fully equal to what he would have had had he remained in the Motherland or in the eastern provinces of this Canadian Dominion."

"Ho, Ho," and likewise "Ha, Ha, Ha-Ha-Ha-h" will be the comment of those Queen Charlotte settlers when they read this.

Dear Mr. Editor:

Me and some friends of mine would like to buy a few city lots in Prince Rupert, but we don't know anyone at present in Prince Rupert, so we have written to ask if you would be kind enough to send me on your daily paper, as I am told it advertises the most city lots and property for sale in Prince Rupert, for which I send you on some stamps. Hoping you will oblige us, and apologizing for the trouble. Yours respectfully,

THE DAILY NEWS has the biggest circulation of any paper in the district. It is all bona fide circulation too. It enters the homes of real estate investors in every leading city in Canada as well as England and the United States.
