BOB told me of a fine way to reduce my meat bill.
He was saying that according to the U. S. Department of Agriculture, Bulletin No. 142, ten cents worth of wheat supplies almost three times as much protein and ten times as much energy as a round steak.
"Make more use of your oven little woman," he says. So now I put more biscuits and muffins on the table and less meat. And now the tendency of Bob and the children is to "make a meal of them."
Bob says "I'm a wizard in the kitchen," but I'm quite sure my magic would vanish without my ROYAL STANDARD FLOUR. It's great!
