Ottawa, March 9.—The hockey match played here Saturday resulted in a victory for the Pacific coast team. The 'score' was Vancouver 7, Ottawa 3.

The Wisconsin boxing commission has decided not to change its previous decision suspending Packey McFarland for six months for his failure to put sufficient effort into his fight with Jack Britton in December.

G. B. Taylor, Toronto, Toronto university and Trinity college, Oxford, has been awarded his blue. He is rowing No. 3 with the Oxford crew now training at Henley-on-Thames for the varsity boat race to be rowed from Putney to Mortlake on Saturday, March 28. It was thought for some time that he would not get a place in the boat.

Everything in the neighborhood of Montreal at present points to the revival of the old combination in senior lacrosse, and the existence next year of a league controlling the professional game that will have at least six clubs, two in Toronto, two in Montreal, one in Cornwall and one in Ottawa.

The London Times declares lacrosse a better game than baseball: "We admire the American game of glorified rounders called baseball, but if and when we want a new national game other than cricket, we will certainly choose lacrosse in preference to baseball. It is faster and one of the most beautiful field pastimes without a vestige of professionalism in England."

The Vanderbilt cup race has degenerated into a very tame affair. Nobody was killed, neither spectator nor driver. There was only one very trivial accident. What is automobile racing coming to, anyway? First thing you know it will be sport.

Jack Marshall, manager of the Toronto hockey team, has received a cable from Fred Merkle, who is now in London with the Giants, warning him that the N. H. A. championship is not yet

ERNEST G. McCONKEY

Of McConkey's restaurant, Toronto, a well-known resort, which is now being investigated by the magistrate, as the result of the revels on New Year's eve. The investigation was ordered by the provincial government and Mr. McConkey is charged with keeping a disorderly house. The policeman on the beat testified that between midnight and 3 o'clock New Year's morning he saw forty or fifty drunken women come out of McConkey's.

won. "Tell the boys to be sure to touch second," admonishes Merkle.

And they say that England wouldn't take to baseball. Somebody in the crowd stole the Earl of Chesterfield's \$2,500 diamond scarf pin. What could be more like the New York polo grounds than that? Then, too, there was the handshaking. McGraw and Callahan, the respective managers, were "mitten" by the King.

In the old days of boxing in Troy and the Roman gladiatorial combats, hair pulling, eye gouging and heavy brass-studded gauntlets were in vogue. Now Willie Ritchie, the lightweight champion of the world, has a sore heel. In the gory old days the fighters used to pickle their hands. With many of the present-day mollicoddles "pickling" is still popular.

There are four candidates to coach the Canadian Olympic material for the 1916 Olympiad at Berlin: Bobby Kerr of Hamilton, an Olympic champion; Alf Shrubbs, Toronto; Frank Luke, Montreal, and Noseworthy, Montreal. Walter Knox of Orillia, the coach of the last Canadian team, has been engaged in a similar capacity by Britain.

Montreal, March 9.—In the first of the home and home hockey matches played on Saturday to decide the championship of the N. H. A., the score was Canadiens 2, Toronto 0. The ice was very slushy for the match. The Canadiens and Toronto will play the second game tonight at Toronto. The total number of goals for the two matches will decide the winner, who will play the Victoria team for the world's championship and Stanley cup.

A reporter was interviewing Thomas A. Edison. "And you, sir," he said to the inventor, "made the first talking machine?" "No," Mr. Edison replied, "the first one was made long before my time—out of a rib."

The Poor Man's University

"JONES knows more about motor cars than any other man I know," said a man to his friend. "He has obtained his knowledge chiefly from motor car advertisements, and the catalogues and booklets circulated through them."

"All I know about photography," declared a well-known amateur, "I have learned from the men who advertise cameras, plates, papers and films."

Advertisements have been well called "The Poor Man's University," but other than poor men have been schooled thereby.

Much of what the average individual knows concerning personal and domestic hygiene, modern office methods, books and authors, electricity, precious stones, investments, and almost everything else, he has learned from advertisements.

Advertisements have stimulated our intelligence, added enormously to our knowledge, and given us aspirations which have raised us to higher levels of thinking and living. Advertising is indeed "The Poor Man's University."

 for Prince Rupert and Northern B.C.

The Daily News goes into nearly every home in Prince Rupert. It is the popular newspaper of the city because it is clean and reliable. It has all the news of the city, and keeps in touch with events and topics interesting to Northern British Columbia. It treats these subjects with moderate optimism and reliability.

The Daily News is the most valuable paper to advertisers because it is read by the buying public. It has a bigger circulation than any other paper in the city. It is read by the class of people the advertisers want to talk to.
