## Watch the Ford Car in Traffic, on the Hills, and on the Open Road

OU'LL get a real thrill when you slip behind the wheel and start away for your first ride in the Ford car.

You will like the power that the Ford car gives you—the feeling of pride that comes from having a car worthy of any occasion and equal to every emergency.

You will like the flexibility and safety of the Ford car as you weave in and out of traffic-its flashing pick-up as the green light says "Go." You will like its smooth,

quiet steadiness on the open road, where you can idle along according to your mood, or do 55 and even 60 miles an hour if you desire.

The Ford car is made to stand up under thousands of miles of steady driving over all kinds of roads. Its freedom from repairs saves you many dollars.

Inspect the Ford carefully-part by part. Then know the thrill of driving it. By its performance you will realize that there is nothing quite like it anywhere in quality and price.

Mr. Haines explained that this ployees had been a united body for tance. recreation purposes. They had completed a successful season and he half of the Number Two C. N thought had laid the foundation for greater things to come. He proposed the toast to the Canadian National.

F. G. Dawson spoke with pride of their railway system as the largest railway system in the world and their president was the largest both physically and mentally. He was a man they all thought a lot of. He believed all there were loyal to the president, who had made the system what it was. The president

While the club was new it had already made great progress and there was a good program for the season. Hel mentioned the sportsmanlike manner in which the contests had been carried out.

In receiving the cun, Mr. Mayer thanked the donors and hoped all had enjoyed the games as much as he and Mr. Horton, the winners, had done.

Mr. Tobey Speaks

W. H. Tobey, responding on behalf of the C N. Recreation League, following a toast to that organization, expressed the opinion that all should congratulate! the league on the work done during the past season. This winter they bid badminton and in 1930 they expected to have bowling.

Recreation the superintendent said, was extremely beneficial, mentally, morally and physically. good red blood and changed the flabby flesh to hard muscle. It daily duties. Also it was an advantage to get together and thus get to know each other better. I warranted the expense the company was put to and he considered it well worth while. It gave him great pleasure to respond to

this toast. In responding to the toast to "Our Guests." Alderman Prudhomme spoke of sports in a city such as this, especially of winter sports. There was a movement on hand to erect a gymnasium. He felt sure this would have the hearty co-operation of the league. Another thing they wanted to have \$1.00 was better grounds for games. With the co-operation of all he felt sure it would be only a short time before they got this. He alluded to a piece of land southeast of McBride and Ninth. If they did not already have title to it. he felt sure they would have it
