PRICE FIVE CENTS

Wheat Prices Affected By Another Big Drop Stock Prices Today

This Is Fifth Day of Liquidation With Slashing of Prices On New York Stock Market

WINNIPEG, Oct. 19.—Wheat prices broke more than three cents today when stop loss orders and heavy liquidation by tired speculators let loose large quantities of wheat.

NEW YORK, Oct. 19.—For the fifth day this week prices tumbled on the stock exchange, leading issues breaking from \$5 to \$25 with three and a half million shares changing hands.

VANCOUVER, Oct. 19.—The price of wheat fell off here three cents a bushel today, quotations for spot cash at Vancouver on No. 1 northern being \$1.34 1-4.

NO SMELTER LOIS RIVER

Paper Company Wins Out in its Application For Water Rights There

NOW CAMPBELL RIVER

Expected That Consolidated Will Build Plant on Vancouver Island
 VICTORIA, Oct. 19.—The possibility of Consolidated Mining & Smelting Company's coast smelter being established on Vancouver Island, tributary to Campbell River, emerged clearly before the provincial water board here yesterday when the mining concern abandoned its plan to build a smelter on Lois River near Powell River. This left the Powell River Company assured of control of Lois River, which it desires to use to make power for the large paper plant. The water board will probably grant the Powell River application shortly.

Anyox Man Gets Six Months Jail

Paul Evannikov Found Guilty Yesterday on Charge of Prowling at Smelter Town

Paul Evannikov of Anyox was found guilty by Judge F. McE. Young in County Court yesterday afternoon on a charge of being found in a dwelling at night with intent to commit an indictable offence and was sentenced to six months' imprisonment, dating from the time of his arrest last month.
 W. E. Fisher acted as crown prosecutor in the case while Thomas Brown appeared in defence of accused.

Man-Eating Shark Attacked Trollers at Skidegate Bar Thursday and Took the Gear and Drove Boat to Harbor

SKIDEGATE, Oct. 18.—A large man-eating shark that has been hanging around Skidegate bar for the past two weeks ran amok Thursday among the trollers engaged there, stripped all the trolling gear from the troller Chumme, then, attacking the troller Icclander, it cleaned all the lines off that boat and then made a rush at the boat itself. Captain Eyolfson put on all speed for the harbor and no more was seen of the big fish.

UNEMPLOYMENT ON RAILWAYS AS RESULT OF TIE-UP IN GRAIN

OTTAWA, Oct. 19.—Grave unemployment is a result of the tie-up which now exists among railway workers in Canada, according to J. A. P. Haydon, representing "Labor," the publication of the railway labor unions.

LABOR HAS ITS WORRY

Commissioner of Works Lansbury Finds Many Job Hunters in England
 PROPOSED IMPROVEMENTS
 Surf Bathing in Hyde Park and Mixed Bathing in Serpentine Planned

LONDON, England, Oct. 19:—

"People seem to think I have hundreds of jobs to give away," declared Hon. George Lansbury first commissioner of works. "They seem to think I am a great-hearted sort of fellow who, now I have found a job myself, can find a job for them as well. That is not the way things are done at the office of works. It is a good thing, too, because otherwise it would lead to a good deal of favoritism."

George Lansbury was addressing an audience of women at Bromley, which forms part of the vast east-end of London which he knows so well; where he has lived so long. Just now he is busy going all over the parks and other open spaces which belong to the crown, and for the care of which he is therefore responsible, to see how their amenities may be extended. He is talking of introducing sun bathing at Hyde Park, and mixed bathing in the Serpentine. It was the earlier Labor Government which was responsible for removal of the ban upon taxis being driven through Hyde Park. Previously the park roads could only be used by private carriages.

In some ways Mr. Lansbury is the most interesting inclusion in the present cabinet. His fierce independence, his impetuosity, and his plain manner of speech seemed to render it impossible that he could ever become a minister of the crown. But those who really know him are aware that a gentle, kindly spirit lies behind his plainness of utterance. Like many other men of the "say what I mean type" he is himself most sensitive to criticism. His devotion to the Church of England is considerable, and at Church Congresses he used often to keep a gathering of gathered bishops and other dignitaries closely interested. He was at one time editor of the Daily Herald, and had an uneasy year once as chairman of the Labor Party.

HOLDUP AT TORONTO ON THE STREET

Four Bandits Directed by Women Get Away With \$2600

TORONTO, Oct. 19.—Shooting down any passerby who might interfere with their plans, four young bandits, apparently directed by pretty, well-dressed women, last night held up a brewery house money truck and escaped with \$2600 in cash after wounding three persons.
 The bandits operated in a large sedan.

Stephens Not to Run For Mayor

Name of H. B. Rochester Mentioned but He Has Made No Decision Yet

Ex-Ald. M. M. Stephens, asked today if he contemplated running for mayor at the civic election in January, stated that he had no intention of doing so. His name has been freely mentioned in connection with the contest.

The name of Ex-Mayor H. B. Rochester is also heard, but Mr. Rochester, while admitting that he has been approached, says that he has not yet made a decision in the matter.

Victoria Cross Men to Get Free Transportation

Montreal, Oct. 19:—Contingent on the approval of the board of railway commissioners, free transportation from their homes in Canada to the seaboard will be issued by the Canadian National Railways to Canada's holders of the Victoria Cross, who would otherwise be unable to attend the Prince of Wales' banquet to Victoria Cross winners, in London, next month. This announcement was made by Sir Henry Thornton today.

Noted Aces Travelling on National Air Tour

The 1929 National Air Tour airplane armada which left Dearborn, Mich., last week, and has visited Toronto, Ottawa, and Montreal, contains many famous aces of the aviation world. Upper left shows Amelia Earhart at the propeller of her small sport plane purchased from Lady Heath and in which she is competing in the air tour. Upper centre is Lieut. Leigh Wade, one of the famous team of army fliers who flew around the world some years ago. Top right, is George Haldeman, veteran pilot, while in the centre are three of the snow white Fairchild biplanes, which are a feature of the tour. Dale Jackson and Forrest O'Brien, holders of the world's endurance record (lower left), are also among the skybirds, as is Juan De La Clerva, inventor of the "windmill" plane (lower centre). Mrs. Keith Miller, of England, lower right, is flying one of the Fairchild planes of the "White Fleet."

The steamer Prince John will now take over the run for the winter, being due here from the south on Thursday of next week.

The Privy Council Decision Giving Women Right To Sit In Senate of Canada Subject Favorable Comment

LONDON, Oct. 19.—The Daily Chronicle says the decision of the Privy Council that Canadian women are eligible for appointment to the senate is expected to have a bearing on the membership of the House of Lords. "Not many years ago British women who were peers in their own right tried to get the same admission as Canadian women now have but were refused it. How long will it be before the House of Lords have sense to see and reverse that decision?" the Chronicle says.

Subterranean Lake in Mountain Yorkshire, Eng.

LEEDS, England, Oct. 19.—A subterranean lake of unknown depth has been discovered in the heart of Ingleborough mountain, Yorkshire, one of the highest peaks in the Pennine range. It lies 800 feet below the surface and is 300 yards long. So far it has been impossible to find its depth. Plumb lines have been dropped from a raft, but none of them have touched bottom. The underground stream which runs into the lake continues along a wonderful canyon, finally cascading over a rock and disappearing to a still lower level. The canyon itself is one of Nature's wonder houses. It has columns of glittering stalagmites and stalactites formed by trickling water during millions of years. Ingleborough mountain is eight miles northwest of Settle and is 2373 feet high. Its base is 30 miles in circuit and on the summit are traces of an ancient camp.

Linzey Speaks To C. G. I. T. Girls

Addressed Them Last Night on Subject of "How to Make the Most of Life"

An interesting address was given by the Canadian Girls in Training of First Presbyterian Church in the Church Hall last night by P. H. Linzey whose subject was "How to Make the Most of Life." The speaker quoted from Carlyle, Coleridge, Disraeli, Van Dyck and Lincoln and concluded that strength of character and definite aim were the principal factors in making the most of life.

A vote of thanks to Mr. Linzey for his address was moved by Miss Jean Ritchie, seconded by Miss Phena Finley and carried with enthusiasm. Miss Muriel Vance, president of the C.G.I.T., was in the chair.

The proceedings closed with the singing of C.G.I.T. "Pats."
