

CITY'S FIRST BASKETBALL TEAM OUT WITH CHALLENGE FOR GAMES

The old time Roller Rink Tigers, who played basketball in the city in 1912 and 1913, and who claim to have started the game here, are out with a challenge for a game or series of games with any individual team or combination from the Intermediate League. This announcement was made this morning by Ed Mann, who was one of the players with this pioneer team in the early days.

The following players of the Tigers are still in the city and would likely play in the team against the Intermediates if the challenge is accepted: Lee Bell, G. Blythe and E. A. Mann, who were regulars, and W. Blythe and Hughie Scott, who were spares in 1912.

It is to be hoped that, if the Northern B. C. Agricultural and Industrial Association takes over the equipment of the Amateur Athletic Association at the Exhibition Hall, it will make arrangements to have the conveniences for athletic training there made accessible and convenient for the public again. A number of citizens have paid money into the association and many of them have as yet, had little opportunity of deriving any benefit. There is already the making of a good gymnasium at the Exhibition Hall and a good deal of work has already been done there. It should be an easy matter to reorganize again and put the gymnasium on a paying basis and at the same time realize enough to keep adding to the equipment. Some say the Agricultural Hall is a poor location for a gymnasium as it is rather out of the way but people have shown that they will climb the hill to see both indoor and outdoor games. It is altogether likely that they would also do it if there was a good gymnasium where they could actually take part in exercise themselves.

Jack Dempsey, heavyweight champion boxer of the world, and his manager, Jack Kearns, are in Vancouver this week heading off the Panfarms Theatre bill. Dempsey and Kearns tell each other stories for a few minutes and then Dempsey does his ring talk and steps through three rounds of brisk sparring with his own sparring partners or whatever aspiring heavyweights there may be available to exchange a few buffets with him. A week or so ago in Butte, Dempsey was subjected to a furious onslaught from a husky miner and the audience saw a first class bout for a minute or so.

The organization committee of the recently incorporated Prince George skating rink has completed all preliminaries for the undertaking. The company has been incorporated, the rink site has been cleared and now a campaign is on for selling stock. Plans for a fine rink have been submitted and accepted and as soon as \$3,000 or \$4,000 worth of stock has been sold, building operations will commence. Business interests, railway men, school children and citizens generally are co-operating in the work of stock-selling.

CAN'T BLAME HIM.

"When the new curate tried to start his car he choked the engine three times in succession."

"Did he make any remarks appropriate to the occasion?"

"No, he didn't, but he didn't have exactly the same kind of expression on his face as when he says, 'Let us pray.'"

SORT OF S. O. S.

"What sort of a time is your friend having on his motor tour?"

"Great! I've had only two letters from him—one from a police station and the other from a hospital."
