Those Nasty Little Pimples

That come on the Face
Are Caused by Bad Blood

Many an otherwise beautiful and attractive face is sadly marred by the unsightly pimples and various other skin troubles, caused wholly by bad blood.

Many a cheek and brow cast in the mould of beauty have been sadly defaced, their attractiveness lost, and the possessor of the "pimpley face" rendered unhappy for years.

Their presence is a source of embarrassment to those afflicted as well as pain and regret to their friends.

There is an effective remedy for these facial defects and that is Burdock Blood Bitters, the old reliable medicine that has been on the market for over 40 years.

It drives out all the impurities from the blood, and leaves the complexion clear and healthy.

Mrs. James Williams, Waterford, Ont., writes:—"My face was covered with pimples for nearly a year. I used different kinds of remedies to get rid of them and finally thought there was no relief. A friend tried Burdock Blood Bitters. I did so and used three bottles, and found the pimples were all disappearing from my face, and now I have a clear complexion again."

B. B. B. is manufactured only by the T. Milburn Co., Limited, Toronto, Ont.

In the Letter Box

FINAL SHOT

Editor, Daily News:

In answer to Mr. Montgomery's letter, I and the most people claim that the geographical position of Ireland is the great stumbling block to separation.

What late states of Germany's are a menace to her navy? If they were, whose funeral is that? Not Britain's surely.

Another thing, Mr. Montgomery, Britain is not to be scared by a bunch of cold blooded murderers. Everybody knows that during the late war Sinn Feiners did all they could to help German submarines, and will again if they get the chance. Sinn Feiners are begging money in the United States and, if they (when in superior numbers) attacked American sailors in Cork during the late war. Ask Admiral Sims of the United States navy. There would be no reprisals if the Sinn Feiners would be satisfied with law abiding methods. British troops belong wherever they are.

North Movement

In 1911 the north of Ireland never set up a government in opposition to the laws of Britain. In that year, just before the war started, a Home Rule bill different to the present one was passed which Ulster would not accept. Now Ulster has or shortly will have her own parliament, but Ulster will never submit to Rome. Ulstermen, not being Irish, Mr. Montgomery, should tell that to the marines. Whether they are Irish or Scotch they will not submit to Sinn Fein.

Why does Mr. Sinn Fein Ireland accept Home Rule now while they have the chance? Is it because they fear the stoppage of their funds from the Irish and Germans in the United States?
