PRINCE RUPERT TO BE READY ABOUT MAY 6

VICTORIA, April 25.—The steamer Prince Rupert is to be delivered to the owners about May 6, Yarrows announce. She is just receiving the finishing touches after being thoroughly repaired and renovated following the trouble at Swanson Bay and has had some of her cabins converted to sleep three people instead of two.

Memorial to Those Who Fought So Bravely at Second Battle of Ypres

The Westholme Theatre was packed to the doors last night by citizens of Prince Rupert to celebrate the anniversary of the Second Battle of Ypres. President Kelly of the Great War Veterans Association was in the chair and Rev. Father E. LeRay delivered a short but eloquent oration suitable to the occasion which appealed to every man and woman in the audience for its simple directness and sincerity. Others on the stage were Mayor Rochester, Rev. Canon Rix, Rev. Dr. Grant, Rev. T. H. Nuttall, and Rev. W. H. Redman, American Consul Wakefield, Belgian Consul Collart and Jack Plint.

The G. W. V. A. band was the feature of the evening. It played a number of selections and Conductor Greenfield is to be congratulated on the first appearance in public of this organization. It has 24 pieces and played like an old and experienced band. It will prove a great acquisition to the city and should receive every support.

The Oration: Rev. Father LeRay in his address said he was glad to celebrate with those present the anniversary of the Second Battle of Ypres. On that memorable date in 1915 the allied troops were enormously outnumbered on yet they fought for two days and two nights. The anniversary brought back to many thrilling and sorrowful scenes. Any Canadian citizen must be proud and rejoice over this great event. Many great battles had taken place and all were important, but future history must record that the Second Battle of Ypres was the most far-reaching of all in its effects in the winning of the war. There were the first and second battles of the Marne, the battles at Verdun and the Somme and the famous Vimy Ridge where Canadians won such renown. Those were great and famous battles and important, but for the final success of the war the Second Battle of Ypres overshadowed them all. This battle saved France, England and Belgium from the enemy.

Pious Remembrance. "O France, my dear France that I love so well, the scene of so many great and glorious battles would have been a German province today had not the Allies fought this and other great battles. In celebrating this anniversary, let us do it by pious remembrance of the fallen and by learning the lesson of patriotism. The heroes of Ypres fought, suffered and died for their country, and we too must love our country and work for her prosperity. Glory and immortality to the Canadians who proved their bravery so many times and in so many struggles and whose name will never be forgotten in France. They gave their lives for France and I say from the bottom of my heart to Canada, God bless you."

Number Took Part. Those who took part in the proceedings in addition to the speaker and the band were Rev. G. A. Rix who led in prayer, Rev. W. H. Redman who read from the scriptures, H. Pattinson, Mrs. Ackroyd and Mrs. Baker, who sang, and J. C. Brady who recited "The March of the Dead." The boys of the naval brigade acted as ushers and took up the collection for the memorial fund, which amounted to \$126.30.

BIRTH. At the General Hospital on April 24 a daughter was born to Mr. and Mrs. Andrew Rosang, of Lewis Island.

Shanghnessy would Merge All Railways Of The Dominion

MONTREAL, April 25.—That the railroad property of the Canadian Pacific be merged with the Canadian National system was proposed by Lord Shanghnessy, chairman of the board of directors of the company, in a letter to Premier Meighen. More than \$50,000 a year would be saved to the people of Canada by the action, it suggested, in his assertion that the total deficit of combined railway systems of Canada would amount to about \$600,000.

Under the present plan the C. P. R. company controlling many of the interests would be divided, the present directors retaining control of the railway property and to assume management of the present government line as well as a set of directors to control the steamship lines and other assets.

The Government would, under the scheme, pay the shareholders of the C.P.R. a fixed annual dividend.
