LOCAL DRUG
ADDICTS GETCHANCE CURE TOLMIE IS TO
OPEN THE FAIR

Joe and Frank Bennett the two brothers addicted to the use of drugs last year spent several periods in the local jail, gave themselves up for treatment in the campaign against the drug traffic that is being conducted by Vancouver Sun in Vancouver.

The brothers earnestly requested to be allowed an opportunity of taking proper medical treatment. They stated that they had been addicted to the use of various drugs, such as cocaine, morphine and heroin, for the past twelve years and the pernicious habit was the direct cause of their having to serve several terms of imprisonment.

Physicians immediately filled out the necessary papers for admission to Eskondale and both appeared grateful for the opportunity, stating that it was the first real chance they had had.

YOUTHS ARRESTED
ON THEFT CHARGES

Three Lads Faced Magistrate
 McMorris in Police Court
 This Morning.

Wilfred Beaudry, aged 15, Ed. Portelance, 10, and Ned Byrne, 13, were arraigned in the police court this morning charged with breaking and entering and stealing, and were remanded until tomorrow morning.

Two thefts are alleged to have been perpetrated by these lads, one from Eric Rosang's shed at the new court house site, and the other from the municipal waterworks shed at the same place. The first theft was committed last Friday and 100 feet of fuse, a box of detonators and some wire was taken. Similar articles were removed from the city shed. The property in the

former case has all been recovered having been found in one of the tunnels at Market Square. Constables Logan and Howe made the arrests.

Minister of Agriculture Expected
to Visit Prince Rupert in
September

It is expected that Hon Simon Fraser Tolmie, minister of agriculture and member of the Dominion Parliament for Victoria, will visit Prince Rupert at the time of the Fall Fair. An intimation has been received to that effect and it is probable that he will preside at the opening.

Dr. Tolmie is particularly interested in livestock and for that reason special efforts will be made to have a good exhibit of cattle here this year. Once before there was a livestock exhibit in the city but that was early in the development stage of the place. Now there are a good many ranches that could send stock where formerly there was only forest.

There is a fine stock ranch at Tellico on Queen Charlotte Islands and in the Bulkley and Nechaco Valleys are numerous fine herds, all of which might be shown here.

If there is a livestock exhibit of any magnitude, it will be necessary to enclose a large section of the grounds around the exhibition buildings and to erect sheds to house the exhibits. Other sheds must be erected for the side shows and these might all be of a semi-permanent nature.

Costly Curiosity

"Maud is sorry now that she took Jack's ring back to the store to be valued."

"Why?"
 "The jeweller kept it. He said that Jack hadn't been in to settle for it, according to his promise."

By "Fruit-a-tives"

112 HAZEN ST., ST. JOHN, N. B.
 "It is with pleasure that I write to tell you of the great benefit I received from the use of your medicine 'Fruit-a-tives', made from fruit juices. I was a great sufferer for many years from Nervous Headaches and Constipation. I tried everything, consulted doctors; but nothing seemed to help me until I tried 'Fruit-a-tives'."

After taking several boxes, I was completely relieved of these troubles and have been unusually well ever since". Miss ANNIE WARD.

ELECTRIC LIGHTING
PLANT TO OPERATE

TELKWA, May 9.—There is quite a little building boom in Telkwa this spring. Sargent's putting up a new place of business and an office is going up for Thorp & Hoops. The new Telkwa garage is in process of construction and there is also the Heigle Block house, besides others in prospect. All this will have an important effect on the future of the town, which is destined to be an important place.

A new thirty horse power engine has been purchased for the electric light and power system from Wilson & Stinson and has been already delivered.

The Grand Trunk Pacific Railway has completed the much-needed and long-looked-for loading platform and the steam shovel is now making a cut 110 feet wide for bunker site, cattle yards and other purposes. The next improvement will be the erection of a station.

The work on the Telkwa water-works will start about the end of this month and will be rushed with all speed to completion as with the growth of the town it is badly needed.

The Telkwa Lumber Company will open their mill again in June.

TENDERS ARE CALLED
ROAD CONSTRUCTION
QUEEN CHARLOTTE

Tenders are being called by the Provincial Public Works Department for the completion of the road from Port Clements to Tellico, a small part of the work on which has been done during the past winter and spring. The road is to be cleared, grubbed and crosswayed. This is the road which was promised by the minister of lands would be built. It will connect the southern part of the island with the north and make available to the farmers and ranchers of the south the markets of the logging camps and mill on Masset Inlet.

AN EXPLANATION

Editor, Daily News.—To remove a misunderstanding that appears to exist regarding the forthcoming Navy League Ball, and the Mary Izard concert, would you allow me space to explain that while the ball will be under the auspices of the Navy League the concert will be in different hands. The ball will be on May 12 and the concert on Sunday, May 15, and judging by present indications both events are likely to be highly successful. Mrs. Peck, Mrs. Morkill, Miss Izard and others from Vancouver and Victoria will arrive on Wednesday in good time for both ball and concert.

Navy League Local Branch.

Wednesday, May 11

High, 3:23 a.m., 24.5 feet.

16:25 p.m., 18.9 feet.

Low, 9:55 a.m., 2.7 feet.

22:06 p.m., 7.5 feet.

The time used is Pacific Standard, for the 120th Meridian west.

It is counted from 0 to 24 hours, from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.
