SUGGESTION IS UNFAIR

City Council Points Out Residents Have Always Been Employed on Municipal Work

After explanations had been made by the city engineer and Ald. Rudderham, chairman of the Board of Works, that the policy of the city public works department had been and was now to employ bona-fide residents and taxpayers of the city, the city council last night filed a letter from the Prince Rupert Ratepayers' Association in which it was requested that the council use its influence to secure employment for local residents and ratepayers.

Ald. Rudderham did not think the suggestion made in the letter was a fair one. There was no answer that could be made to the letter. The city had always endeavored to carry out such a policy as suggested.

To his knowledge, Mayor Orme stated, there was not a man on city work who was not a resident of the city. It had always been the policy of the city to take care of residents and taxpayers and more than ever now that policy was being followed.

City Engineer Good stated that he could guarantee that since 1930 no one had been employed on city work who was not a resident of the city. The payrolls were always open to public inspection and, if any mistake was being made, the engineer stated that he would welcome having it pointed out. Mr. Good added that Mr. Casey, secretary of the Ratepayers' Association, had inspected the payroll and had not been able to pick out a single man employed who was not a resident of the city.

After these explanations had been made, the letter was ordered filed.

City Engineer To Get New Car

Purchase Authorized By City Council on Board of Works Recommendation

A recommendation from the Board of Works that a light delivery car with closed cab be purchased for the engineer's department, trading in an old light delivery truck, was adopted by the city council last night after some discussion on the question of whether it would be more economical to buy the new car or keep the old one on which extensive repairs would soon be necessary. The most of the aldermen felt that a new car would be the more economical.

A price of \$740 was quoted for a new Ford truck as required with \$260 allowance for the old machine. The price for a Chevrolet was placed at \$860 with \$265 allowance for the old machine.

Improvements To Streets In East End Asked

Ald. Black, at last night's meeting of the city council, requested the Board of Works, when considering its estimates for the year, to give sympathetic consideration to long felt needs of his part of town, Section Seven, for much needed street improvements. Ald. Black referred to the state of Eighth Avenue beyond the Ridley Home to the Seal Cove School, Sixth Avenue from Immanuel Street to Seal Cove Circle, Seal Cove Circle, Tenth Avenue east of Bacon Street and Seventh Avenue from Hays Cove Avenue to Rupert East Church.

Ald. Rudderham, chairman of the Board of Works, stated the members of the committee had already been over these streets and the city engineer had been asked to get out preliminary costs. With regard to Eighth Avenue, Ald. Rudderham stated that steps were being taken to have a petition brought in asking for the necessary work. There was already a local improvement bylaw against the property concerned here and only by petition could further work be done on the street.

WILL CLEAR UP CORNERS

City Council Takes Steps to Make More Safety for Traffic at Certain Intersections

Improvements to the intersections of Seventh Avenue and Immanuel Street and at Sixth Avenue and the easterly side of Hays Cove Circle recommended by the Board of Works with a view to making these particular points safer for traffic were approved by the city council last night.

A recommendation from the Board of Works that, in reply to a recent letter from Robert Blance, there was no necessity for a stop sign at the corner of Hays Cove Circle and Sixth Avenue as the board proposed to alter the sidewalk, widen the road and cut brush at an estimated cost of \$50 was also adopted by the council.

CONCERT AND DANCE HELD

Enjoyable Affair Staged Last Night By Varden Singers in the Metropole Hall

The Varden Singers staged another of their popular entertainments last evening in the Metropole Hall.

The first part of the evening's proceedings consisted of a program by this Scandinavian choral group and assisting artists. There were a number of selections by the singers, violincello solos by William Beaumont, piano solos by Mrs. J. S. Black and numbers by a male quartet.

After the program, dancing was enjoyed until 1 a.m. with music by the Premier Orchestra.

Peter Lien, conductor of the Varden Singers, was in general charge of the evening's proceedings.

FISHERMEN'S FLOATS TO HAVE TELEPHONE

The utilities committee was authorized by the city council last night to proceed with the installation of a public telephone on the new fishermen's floats. The matter was brought up by Ald. Macdonald who stated that the city engineer and superintendent of utilities had been delegated to make an estimate of the cost of the facility. City Engineer Good stated that the cost was estimated at about \$80.

Acute Gastritis Gets a Knockout

Mr. Arthur E. Roots, of West Crofton, writes: "Discharged from His Majesty's Forces with acute gastritis, I was left with a very weak inside, and those who suffer similarly know how very careful one must be in what they eat and what medicines they take. Constipation and indigestion generally commenced my attacks; headaches and bad breath naturally followed; but to-day I am able to eat anything I fancy. My secret I can honestly recommend, lies in your pills." Take Carter's Little Liver Pills. All druggists 25¢ and 75¢ red pkgs.

PRESIDENT RE-ELECTED

John Dybhavn to Head Prince Rupert Club For Another Year; Annual Meeting Held

The Prince Rupert Club, at its annual meeting last night, elected officers as follows for the ensuing year:

- President, John Dybhavn (re-elected).
- Vice-president, C. C. Mills, (re-elected).
- Secretary, Walter Hume (re-elected).
- Directors—G. P. Tinker, J. H. Pillsbury, G. C. Arseneau, P. M. Ray, F. E. Robertson, B. J. Mellish and Col. J. W. Nicholls.

Business at a meeting of the Moose Legion last night was merely of routine nature. After the lodge meeting, refreshments were served and a social hour enjoyed. Walter Howarth great north Moose, presided.

ELEVATOR ACTIVITY

Council Discusses Matter—To Await Commerce Chamber Meeting

Being brought up by Ald. Macdonald, the present state of inactivity at the local elevator was discussed by the city council last night, and it was finally agreed that no action should be taken by the council until after the monthly meeting of the Chamber of Commerce when the grain committee is to present certain recommendations of importance in regard to the situation.

Ald. Macdonald was in favor, if better use were not made of the elevator, of recommending to the government that the lease to the Wheat Pool be cancelled.

Ald. Pillsbury stated that the matter was to come up at the forthcoming Chamber of Commerce meeting and he urged that no action be taken by the council until after that time.

After further discussion, it was agreed to accept Ald. Pillsbury's suggestion and take no action meantime.

This afternoon's train, due from the East at 3:30, was reported this morning to be on time.
