BURGLAR TRIES TO FORCE SAFE

Someone Enters Store of Lipsett & Cunningham and Pries Combination of Inner Vault.

With no clue except a bachelor's button and some finger prints on a window, the police are searching for a man who tried to break open the safe in the store of Lipsett & Cunningham on Saturday night or Sunday morning. Apparently the burglar was interrupted by Police Constable Bailey who passed that way soon after midnight and turned his light into the window. At any rate the attempt to break into the safe failed and the burglar got away.

When Harry Lipsett left the store on Saturday night the safe was open except for the combination leading to the cash vault. The second compartment was for the books but that the bookkeeper seemed to have forgotten to close.

Used Chisel.
Yesterday it was discovered that the hasp on the cellar door had been pried open and the combination had been chiseled off the surface of the safe door, but he had failed to open the safe and seems to have been disturbed in his work and got away. The burglar seems to have tried to enter the store by way of the cellar, but finding there was no admission to be gained that way he entered by the toilet window and passed from there into the office.

Heard Noise.
The tenants who live above the store heard a noise in the store beneath soon after midnight, but had no idea that any nefarious work was in progress. The police are working on the case but have so far not succeeded in making any arrests.

About \$75 was realized from the dance. The excellent music was provided by Mr. Moody. Mr. Alger returned to Pacific this morning.

NAVY LEAGUE WANTS FLEET FOR DOMINION

Large Sum to be Spent in Helping Sailors and Dependents Funds Permitting.

(Special via G. T. P. Telegrams.)

Victoria, B. C., Feb. 10. —The Dominion Convention of the Navy League of Canada went on record that the Navy League of Canada is in favor of a naval policy for Canada which will have regard to the needs of the entire British Empire and in deciding upon such a policy the political exigencies should be disregarded and the opinion of the most eminent naval strategists alone considered. The fundamental idea shall be empire naval defence and that the fleet union may be either acquired or built and that the Dominion shall retain control of their ships and that there shall be complete standardization of the personnel, ships and equipment, and that the whole shall be of the best, and that in times of war all fleets shall be under one supreme command.

The sum of \$900,000 will be sent to England in connection with the work among sailors and their dependents. Grants will be made to dependents of seamen in Canada on the same basis as men in the Canadian Navy. The League will continue paying these until such time as the Merchant Seamen's Pension Act is enacted in Canada, funds permitting.

DORIES OF KING AND WINGE LOST IN A THICK SNOWSTORM

Continued From Page One

Now she is on the "independent lay" by which the owners get one-fifth of the entire catch and then the men share the rest after paying the operating expenses. Formerly she took her catch to Seattle or landed it at Juneau and had it forwarded by the line steamers to that port. Now she will sell her catch wherever is thought advisable and Captain Miller expects to be here often as he says this is the natural market for the fish.

Rescued Stefansson.
The King and Winge is the boat that rescued Stefansson in 1914 from Barren Island. She was then in command of Capt. Johnson and was on her first voyage. The boat has been shown in the movies all over the world and books have been written about her. She is larger than any other fishing boat in northern waters, her tonnage being 140 gross or 97 net. She carries eight dories and nineteen men.

On the trip from which she has just arrived she brought in nearly fifty thousand pounds of fish, but her capacity is something like 180,000 lbs. Her fish were not sold yesterday, but are expected to be taken today and she will then get away immediately for the fishing grounds.

the "sweetest" story that ever was told

It came from home to "her man" in the trench. It started visions; smacking of lips—almost a stampede for home. It was a wonderful letter; painting word-pictures of the cakes, tarts and pies that were all to be the prize of this fighting man upon his return.

AND WILD ROSE PASTRY FLOUR is going to help you keep your word. It will bake such short and light pastries that you will never want to use bread flour for this again. Milled from soft wheat, it is easier handled and requires at least 25 per cent. less shortening. Can be had in 10-lb. sacks upwards—at all grocers.

WAR VETERANS KILL LEAGUE OF BOB ROGERS'

At Meeting Last Night True Inwardness of Political Association was Exposed and Action Taken.

Winnipeg, Feb. 10.—The Soldiers and Sailors Parliamentary Protective League of Canada came to the end of its brief career so far as Winnipeg is concerned, at an emergency mass meeting of the Great War Veterans Sunday night.

The Veterans assembled to hear statements with regard to origin and nature of the "League" by Vice-President J. O. Newton, Secretary F. W. Law, A. Loosley and other comrades and finally passed a resolution declaring that "Whereas, it is proven to the satisfaction of this meeting that the Soldiers and Sailors Parliamentary Protective League is a tool of Hon. Robert Rogers and Lt.-Col. A. G. Fonseca, therefore, be it unanimously resolved that we will kill it."

Comrade Loosley declared his intention of resigning forthwith the secretaryship of the League, of returning to each member their subscriptions and of destroying the membership roll.

The Veterans were warned to keep clear of politics and party politicians.

Government Security in Small Denominations

If War-Savings Stamps were offered in denominations of \$40 and \$80 only, redeemable in 1924 at \$50 and \$100 respectively, only a limited number of people could profit by the high interest return.

But nearly everyone in Canada can, and should invest \$4.00 periodically in these Government securities earning over 4 1/2 per cent. compound interest. W-S.S. are sold at Money-Order Post Offices, Banks, and wherever the sign is displayed.

THRIFT STAMPS

Patriotic storekeepers will sell you Thrift Stamps, at 25 cents each. Affix sixteen of them to a Thrift Card and you can exchange for a W-S.S. this month.
